**LOVE,  
MOM AND  
JAZZI**

Kady a few things to remember as you head out into the real world. Wake up every morning and tell yourself, good morning beautiful. Life is a highway, go out and explore a whole new world, there are hundred thousand things to see. Don't be afraid to let Jesus take the wheel, if you have to. Some days you are just going to have to shake it off. Always demand R.E.S.P.E.C.T. Remember to root, root, root for the Cardinals, or Illini. But, above all our wish for you is that life becomes all that you want it to and 100 years goes faster than you think, so don't blink.

**Brittani,**

We are so proud of the young lady you have become. Best luck in your next chapter of life. We have no doubt you will succeed!

Love,

Sam, Mom, and  
Caite

**Richie,**

We are so proud of you. We can not wait to see what new adventures are ahead for you.  
**YOU DID IT!**

Love,

Mom, Dad, Haley and Cassie

## Zach Rogers, Coach Rogers, Luke Rogers

Though small in numbers, the golf team made a big impression on the area competition. Zach tied for the LOVC Championship, eventually finishing as the runner-up.

Both Luke and Zach advanced out of the Windor Regional. At the Danville Sectional, Zach shot a 77 and advanced to the IHSA State Finals, where he finished 29th and shot an 83 in rough, snowy weather.

# Honors Night

2019

Senora Halliday speaking during the National Honor Society Induction Ceremony.

Honors Night was held Tuesday, May 7, 2019 in the small gym.

It was a night where BHS students' academic prowess was on full display.

The evening led off with the induction ceremony for the new members of National Honor Society. This was followed by several academic and service awards, as well as the introduction of new members for Mu Alpha Theta. Finally, the evening concluded with department awards given by the teachers to their chosen award winners.

Our goal is to make it quick and easy for the contractor or hospital maintenance staff to create **PROFESSIONAL AND FUNCTIONAL** barrier system construction enclosures to simplify hospital infection control.

We manufacture reusable, light weight panels that easily fasten together to create a dust free barrier system construction enclosure. We implement extruded aluminum and tough polycarbonate in our product

Our panels meet or exceed infection control guidelines. Hospital infection control departments appreciate the clean appearance of our barrier system panels, temporary walls, construction enclosures and the fact that they are easily cleaned and sanitized.
