

Dylan Hyland
Labourer

**How work experience
can provide a pathway into
a career in construction!**

The Bethell logo is displayed in a white rounded rectangle in the top right corner. The word "bethell" is written in a bold, lowercase, sans-serif font.

Civils • Utilities

An aerial photograph of a city street intersection. A tram track runs diagonally from the top left towards the center. A white car is driving away from the viewer on the road. To the right, a paved sidewalk leads to a building with a glass facade. The text "TRAM ONLY" is painted on the road surface. A white text box with a red border is overlaid on the center of the image, containing two paragraphs of text.

Dylan joined our Bethell team 2 months ago as part of a work experience placement on our site in Blackpool, where we are delivering Section 278 works on behalf of Robertson's for a brand new Holiday Inn hotel and restaurant.

Ever since, his development has progressed massively and with the support of Bethell, Robertsons, Blackpool Council and Skills Construction Centre, he's flourished and is now seeking to extend his time with Bethell as a full-time labourer.

Civils • Utilities

Within my day-to-day role at Bethell, I encourage myself to learn from my fellow colleagues and I feel lucky to work with individuals who have been in the industry for a long time, whom I can learn from. As an individual, I feel I have come out from my shell from my first day of work experience to now becoming a full-time employee, which is thanks to the team at Bethell who have helped me.

Dylan Hyland
Labourer

Dylan has transformed from a quiet young man into a vibrant and enthusiastic individual with a passion for working in construction. I want to say a huge thank you to everyone who assisted Dylan's journey, you have made a genuine difference. Thank you!
