

Go Plant and Water

We talk about so many important responsibilities we have in this life. I want you to understand an important one that we have as Christians. We are to go, plant, and water. Jesus in **Mark 16:15 instructs to “Go into all the world and preach the gospel to every creature.”** Without us going into the world, the world will not know Jesus and His Father’s will.

That is why we are to continue to plant and water (**I Corinthians 3:6-9**). I know as we read there it says he plants and waters is anything. But, we are doing it for God. How can the word get planted and cared for unless these actions take place. How can God give the increase unless we plant and water.

We have an important role to help gain more souls to the kingdom of God! Let’s go, plant, and water the word to make this happen! **Daniel N Sanders**
