Disclaimer

This **Decorative Thermostat Cover** is designed for aesthetic purposes only. It is not intended to interfere with, alter, or affect the operation, accuracy, or efficiency of the thermostat. The buyer is responsible for ensuring that the cover does not obstruct airflow, sensor readings, or functionality.

The seller makes no warranties, express or implied, regarding the product's compatibility with specific thermostat models or its impact on heating and cooling systems. Improper installation or use may result in system inefficiencies or malfunctions, for which the seller assumes no liability.

By purchasing and using this product, the buyer agrees that the seller shall not be held responsible for any damage, increased energy costs, or improper thermostat operation caused by the use of this cover. The buyer is responsible for following installation guidelines and ensuring compliance with local building codes or HVAC regulations.
