

Recommendation Letter: Megan Gawley

To whom it may concern,

I have had the pleasure of knowing Megan Gawley for nearly 4 years now and have worked with her both in a private setting as well as in team settings over the course of this duration.

Megan is an extraordinarily hard-working individual. She brings tons of knowledge, positivity, maturity, and attention to details to her game. Megan has proven to be one of the most developed goaltender I have worked with to this day and I look forward for this continued growth to be exponential. This immense continued development can be attributed to Megan's relentless will to keep learning and her commitment to her development, consistently wanting to reach new heights, learn new techniques and to be the very best goalie she can be.

She is an individual who displays strong work ethic and who has a great attitude on and off the ice. Megan brings an immense sense of positivity and light energy to her team and teammates. Any team would be lucky to have Megan on their team.

Megan has proven to be a strong goaltender with great athletic abilities, which have resulted in incredible performances. Her ability to bring a strong mindset and highly competitive level to her games has established strong grounds for continued success in Megan's performances.

I am confident that Megan will be a valuable addition and fit to your team. Having been looking to constantly develop her game and working hard every day, Megan is bound to bring success to your team.

If you require any further information, please don't hesitate to contact me.
