Sunday

### **COMMANDANT'S MESSAGE**

Greetings!
Welcome to today's meeting.
We are glad you are here.

The Sgt. MJ "Marty" Gonzalez Detachment is proud to continue our service through volunteer projects and community events. While serving, we are especially mindful of those that have served and are serving in our armed forces. June is a particularly rich military history month - June 6, 1944 D-Day - the Allied invasion of France at Normandy, June 14, 1775 - the establishment of the US Army, June 25, 1950 - the beginning of the Korean War. We honor those who came before us by continuing to serve. We hope you will join us in this service.

Semper Fidelis, Jennifer Rooth Commandant

# **Doc's Safety Brief on Texas Heat**

- 1. Drink water consistently and use electrolyte packages as your health permits.
- a. Room temperature water or mildly cool water is better for body temperature regulation than ice water, its help the body regulate better and doesn't shock the system in extreme heat
- 2. Wear light colored, breathable, loose-fitting clothes(like cotton), and consider wearing a hat to protect your head and face from the sun.
- 3. Limit outdoor activities during the hottest parts stay indoors during peak heat.
- 4. Find shade whenever you are outdoors. Go to airconditioned spaces like libraries or shopping malls.
- 5. Take cool showers or baths is better for body temperature regulation.
- 6. If you notice that you are not feeling: heavy sweating, cool and pale skin, rapid and weak pulse, dizziness, nausea, vomiting, headache, fatigue, and muscle cramps, or even worse, not sweating at all after heavy sweating,

PLEASE SEEK MEDICAL ATTENTION! Intel provided by Big Lou
