Personalized CUSTOM

The quality evident in this kitchen is further enhanced with the tactile sensation of opening Plato's inch thick Manor doors. Brass grille inserts in the doors above the hood help create a dramatic range elevation.

In stark contrast to the Arctic White kitchen is this deep custom stained bar with its sparkling glass doors and mirrored backsplash inserts.

THIS ISN'T JUST CABINETS...

It's an Art Form

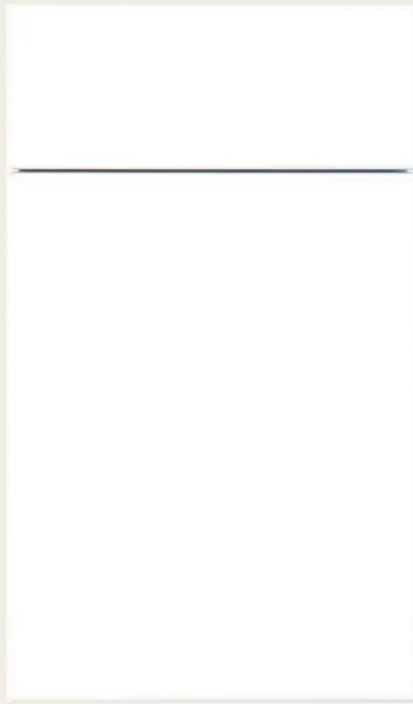

Plato Personalized Custom™ begins with door styling. Because Plato builds their own doors, we not only offer unique styles, but virtually unlimited flexibility for customization: Plato first selects the wood to meet their quality requirements and then manufactures the door to meet a designer's or homeowner's specifications. That means you can select the frame profile, specify the frame width, select the insert panel and the desired door edge shape to create your own *Plato Personalized Custom™* door style.

Whether it's done in rustic alder with a rich hand-distressed and glazed finish like the island or custom painted and distressed like the perimeter cabinetry, the Bayport door used in this kitchen is the perfect choice for this elegant Mediterranean style kitchen. Choose from a wide selection of standard styles or create your own custom door style. Then, have it finished in a virtually limitless pallet of paints, stains and glazes. With Plato's Personalized Custom program there's no need to compromise.

Perimeter: Bayport door special paint, character distress

Island: Bayport, rustic alder, special distress, special stain, special glaze

COLORS

Select from a wide range of standard stains and paint colors with optional hand applied glazes that give added dimension to the finishes. Choose from popular white and off-white finishes or go bold. And if you still can't find that special finish, allow our skilled artisans to do a custom color match. Consult your Plato Woodwork dealer for details.

FINISHES AND COLORS

As you can see on this Mesa door, the look of a door style is affected dramatically by changes in the wood and finish. Almost all the door styles shown in this brochure are available in all of Plato's woods and finishes.
