

Appendix B

Montgomery County, Maryland Jews Don't Share Loot!

1. Soon as I conquered American PhD, I bolted out of Cornerstone Montgomery.
2. Everyone knew Washington, D.C. & NYC Governments, basket cases. I informed Montgomery County Jews and (by extension) Howard and PG Black Administrations – white police chiefs descended from Hell.
 - a. Everyday, for 10 hellish Years, Chief Manger and neighboring jurisdictions of Howard and Prince George's counties dispatched fire trucks and police cruisers to menace me.
 - b. 2018: After 6 years (MBA and PhD) I become Dr. Christopher, PhD. Not long after, Manger and company adapt new tactics, trading conventional (sirens) with guerilla operation: poison in Penera Bread, McDonald's, 7-Eleven, Whole Foods, Starbucks, and others.
3. Jews and clique demand resignation of Chief Manger. The average American was fooled into believing Manger retired – but I exposed Manger, a fraud. Jews showed Manger the door.
4. With open position and huge budget to plunder – Jews and cronies lock me out.

She looked the other way as her white cops feasted on me!
She retreated to doing what she did just before teen pregnancy.
She blocked email. Smart move - huh! Bitches don't learn.

5. Jews choose this “yes” (black) chief to be the new head – but the real power lies with Jews – free to pick new suppliers and vendors for the department while rewarding sponsors.
6. Remember – I borrowed \$200,000 for the PhD. Without American PhD – police weren’t relenting – chasing me with fire trucks, ambulances, and police cruisers. These crooks spent police hours, gas, and diesel to the tune of over \$1 million (per year) menacing me.
7. Arguably – my PhD saved the taxpayer a bundle.
8. Then it begs the question – why should I be the one to sweat, \$2,000 monthly student loan servicing?

Expect crooks to come defend burning million\$ fooling around:

Who to Believe: Me – Dr. Christopher O Ekakoro, PhD or Howard, PG, and Montgomery thugs who exhausted all pit-latrines-level stupidity: they menaced me with fire engines, ambulances, and police cruisers every day for 10 hellish years. They spent like drunken sailors (overtime, equipment wear and tear, on top of thoughtless fuel expenses), total insensitivity to the above-listed “Elementary Schools from Hell.”
