## 1. Lymphatic SuperHighway – LSH; 2. ColoRectal Superhighway – CRS

I forced their fire chief (Scott Goldstein) out of his Rockville, MD home. Whites simply morphed, clandestine terrorist: poison in Panera Bread, 7-Eleven, McDonald's, Starbucks, & (this week) Giant Foods. \*\*\*\*Luckily, Archangel Michael leaped to my defense: St. Michael Exhalation-Breathing - **SMEB** helped construct **LSH**. I (**Dr. Christopher**) rounded up (potentialized) with **CRS**. \*\*\*\*22 poison attacks. Am going nowhere, but continue praising God and His Angels. I take it as a message from ABOVE - "FREE (your) PEOPLE of UGANDA" from sickness by all causes. Plea 4 Help! How about we set up Merikit, Uganda clinic with your generosity!

**I DON'T TAKE AMERICAN GENEROSITY FOR GRANTED: God bless!!!**

NB: If this clinic offer does not see the light of day, I see a sizeable probability police chief (Marc Yamada) also locate exit from his Olney mansion. The same white neighbors help smoke-out the Japanese. \*\*\*\*Ever wonder – the President's uncles spit all the time! **Yes. LSH**

That is fine with me. After all, what goes around comes around. Your 8 years (ALSO) in Zimbabwe begins in January 2025. 8 years Nigga Obama ruled America. Every day of **THOSE** years - it was United States of Zimbabwe for me.

**Payback** - I Feel for You: Save for TZ and Liberia - it's unconstitutional (uncustomary) to entertain the notion of a “Madam President,” anywhere in the motherland. If it (ALSO) tastes red meat to Zimbabweans - I add “pili pili” by wearing Sis’ T-Shirt.
