1850 FEDERAL CENSUS

McConnaughey & Variant Spellings

By: Thelma Elliott

I make no apology for the gathering of these census records. Anyone who has worked with these knows the battle to read faded, smudged, blurred, scratched, watersoaked records with poor spelling, numerous errors made by censustakers, information given by others that was not correct and the sloppy handwriting. In addition you had to be familiar with the different style they used in 1850 such as the double "s" that looked like "ps."

Your eyes tire quickly in this type of research, but I kept at it until I had found those in the census index books except for a few I either overlooked or were not on the pages given in the index. I'm sure I have made some errors in copying them, but this is only meant to be a help to others who are looking for their McConnaugheys in 1850. Some were missed when the indices were made, but when found they can be added to those in this booklet. We hope to keep collecting the McConnaugheys in other census records to make the search easier for everyone.

I urge each of you to send any census record you have in your files to Pat Gregory, P.O. Box 27051, Indianapolis, Indiana 46227-0051. Please try to give the information of where found, page number, etc. so others can go to this census reel and perhaps find other relatives closeby.

Note from Sec.-Treas. of the McConnaughey Society, 25 Nov. 1987, the day before Thanksgiving: We've much to be thankful for and Thelma's contribution of the 1850 census is one of those things! We're putting on a 'rush' job to get it out to the members before Christmas as a 'bonus' book and I'm really thrilled to be able to present it and all the thanks must go to Thelma who did the research AND the typing.

'Bonus' means something extra or special --- it's not a 'worthless' give away. The money used came from you, the members. We will have extra copies available for \$10 each to non-members, \$8 a piece to members.

There's at least one missing -- my own great great grandfather, Thompson McConnaughay, listed in the 1850 Iowa census, Marion Co., as Thompson McConolley! Rather than hold up the printing, we'll add him to our copy later and note it in the next newsletter, too, as soon as I can find the data again.

There's at least one who appears twice -- Burr Peyton McConnaha is in Mercer Co., IL AND Eldorado Co., CA!! Sure does pin down when he went West! He was in IL in August, in CA in October, 1850!!

Would love to finish this census series, but Thelma shouldn't have to take on all of it, should she? If you do decide to help, advise what census and what location, etc. to try to avoid too much duplication. PMG
