

The **'McConochie Clan'** extend our sincerest sympathy to the family
of **Claudia Duffield Brauer**
29/05/1964 to 20/08/2019.

Claudia came upon our the <https://themcconachyclan.com/> website some years ago and reached out to us to get a better understanding of her heritage. **Claudia** not only helped with the building of the **'Jane McConochie'** family tree but was very active in supporting and researching her heritage.

Claudia introduced many **'McConochie'** family members from the USA into the heritage of their family and we will be forever indebted to her for her drive and enthusiasm, even in her struggle with cancer.

FOREVER IN OUR DEBT – THANK YOU

CLAUDIA'S MESSAGE TO US ALL

*'No more suffering with the pain and agony from cancer ... marvellous
Fought, tolerated and suffered but the SOB in the end was stronger than me.
YOU, my beloved family, that I have to leave behind, is my largest and aching pain that I have and that
I can't live with you anymore.
I love you all so very much. Now I am going and will be there and waiting for you when you come.
Keep a place for me in your heart and memories.
We will meet again I promise and be comforted that a **'Scottish lass of Clan Robertson'** is going home'*

Claudia
