## FOR ANC 3F06 Campaign Update

Neighbors,

Thank you to all who have reached out to me over the last few weeks and to those who have generously donated to my campaign. It has been a privilege to hear from individuals in the community, and if elected, I will carry all of the ideas, concerns, and thoughts with me during my term. Please continue to send others in our single-member district my way should they have thoughts they would like to share or would like more information about me and my platforms. I look forward to engaging with more of our neighbors.

Throughout the campaign, I have been humbled to receive endorsements from Greater Greater Washington and W3BA. It was also a pleasure to share my thoughts with young voters in The Veritas Student News and the Forest Hills community via the Forest Hills Connection.

As a reminder, the DC Board of Elections has sent mail-in ballots to all registered voters and has drop boxes conveniently placed throughout the city. If you would like more information, be sure to check out their website. Let your voice be heard, and make a plan to vote! This year's elections could have significant impacts on positive growth in Ward 3 for years to come.

Lastly, we received more yard signs and would love to drop one off at your home or apartment. If you would like one, please email the address where you would like it dropped off, and we will get it to you.

Best Wishes,

Bridget
