

Norfolk County Contracting

Outdoor Living Specialists

Retractable Roll Down Screens

- Tailored to your specific needs- Up to 24' wide.
- High quality Aluminum framework in multiple trim colours.
- Quality control programs ensuring performance and longevity.
- Multiple remote options including handheld or wall mounted wireless control & smart home integration with voice or control from your phone.
- Bug Screens, Privacy Screens, Solar Screens with fabrics in multiple colours.
- Fabric & Vinyl 3 season options also available.
- Motorized and Manual Crank operation.

***Spring and Fall maintenance program

We offer a service program for semi annual or annual cleaning. We will come to your home to clean the screens, lubricate the tracks, change the limits if needed and ensure your screens are working properly for the season. We service what we sell at Norfolk County Contracting.

Custom Screen Rooms

- Our Exclusive Aluminum Extrusions are modern in appearance with strength and integrity that will last for years. We designed our profiles for the screen room industry.
- 1" x 2" patio bar extrusion, 2" x 2" framework extrusion, 2" lip bar extrusion for face mount and smaller applications.
- Bug Screens ranging from 45% openness to 5% openness. This helps for windy areas, tiny lake bugs, privacy, solar and for keeping snow out over the winter months.
- 20' x 10' in a single screen. PVC spline mixed with our heavy-duty patio bar and super strong screens allows us to create unobstructed views for your Bug-Free, Outdoor Living space.
- Colour matched 36" x 80" heavy duty swinging doors are our standard. Double swinging doors and sliding screen doors are also available for 5' & 6' openings.

Screen Room Installation Options

Option 1- Residential- Complete install within Southern Ontario.

Option 2- Materials purchased for DIY install- Contractors & Home-Owner's.
