In accordance with the Older Americans Act of 1965, as amended, Section 307(a)(1), the Department for Aging and Independent Living prepared a Kentucky Comprehensive Aging Area Plan format with input from Area Agencies on Aging and Independent Living. This format is to be used by area agencies on aging and independent living in developing an area plan for the administration and provision of specified adult and aging services in each planning area. The Area Plan required for FY 2015-2017 will be three-year plan cycle.

Area plans are prepared and developed by the Area Agencies on Aging and Independent Living. Each agency is responsible for the plan for the multi-county planning and service area (PSA) in which the agency is located. The area plan should reflect the efforts of the AAAIL in:

- > Determining the needs of the older population within its service jurisdiction;
- > Arranging through a variety of linkages for the provision of services to meet those needs; and
- > Evaluating how well the needs were met by the resources applied to them.

In addition to those services mandated under Title III-B (supportive services), Title III-C (congregate and home-based nutrition), Title III-D (disease prevention), Title III-E (caregiver), Title VI (elder abuse, ombudsman), plans provide for Homecare, Adult Day Care and Alzheimer's Respite, Personal Care Attendant, SHIP, LTC Ombudsman, Kentucky Family Caregiver, Consumer Directed Options, Community Preparedness Planning and a range of other programs, many of which are planning and service area specific.

Due Date: Completed area plans are due March 17, 2015.

Format: Text should be entered into the PDF file, using the most updated version of Adobe Reader currently available. This PDF file features the functionality to save the data you enter into the area plan.

Number of Copies: Submit a copy of this area plan electronically to dail.general@ky.gov

The disaster plan and Senior Community Service Employment Program are separate plans and not included in this plan. Separate instructions will be sent for those plans by the program coordinator.

#### I. Mission and Vision

Some things to consider when developing your mission and vision:

- > Why do we exist? Who do we serve? and Why? What values govern our decision-making?
- What do we ultimately see as our vision for our older persons and their caregivers in our AAA region?
- 1. How do you describe the purpose of your agency and what you are trying to achieve?

The mission of the Big Sandy Area Agency on Aging is to assure that the older constituents of the district have access to advocacy and service delivery provided by funds according to the Older Americans Act, along with other state and federal funds earmarked for the elderly.

The vision of the Big Sandy Area Agency on Aging is that all of the elderly and disabled residents of the Big Sandy region will be aware of the available resources to aid them in remaining independent.

2. Please provide a short narrative or introduction which includes basic information about the agency and the area it serves.

The Big Sandy Area Agency on Aging is governed by the ADD's Board of Directors and guided by the Aging Advisory Council. Kentucky Administrative Regulation mandates the composition of the Aging Advisory Council. The mission of the Area Agency on Aging is to assure that the older constituents of the district have access to advocacy and service delivery provided by funds according to the Older Americans Act, along with other state and federal funds earmarked for the elderly. These funds support the following programs: Title III senior nutrition program, supportive services, health promotion, legal services, Long-term care Ombudsman, as well as Personal Care Attendant Program, Kentucky Homecare Program, and the new Family Caregiver Support Program

#### II. Service Area

3. How do you define the geographic boundaries of your service area region? Please be sure to indicate which counties you serve. Insert a map of your region as well.

The Big Sandy Area Agency on Aging, located in the Big Sandy Area Development District, in Prestonsburg, Kentucky, is composed of five counties: Floyd, Johnson, Magoffin, Martin and Pike. The District has a land area of 1981 square miles with an estimated population of 154,093 according to the 2010 Census. Of this population, 30,756 or 20%, were over the age of sixty years of age.

#### **Capacity Building Plan** IX.

- 15. Identify your top three overall agency goals for this planning cycle.
- 1. Provide dedicated, competent staff to meet the needs of helping the elderly/disabled clients that we serve.
- 2. To be able to maintain delivery of services and increase funding to provide more services to the clients of the Big Sandy area.

3. Continue to expand services for senior centers in each of the 5 counties 16. What is your plan for achieving these goals in the coming planning cycle? 1. Big Sandy AAAIL will provide training and needed support for staff to continue to meet the needs of the clients we serve. 2. Plan to maintain delivery of services will include education the public and our legislators on the importance of continued funding for aging services. Big Sandy AAAIL will look at other possible funding sources (grants, partnerships, etc) to increase opportunities for increased services. 3. Increase evidence based program training in order for centers to be qualified to provide expanded services. 17. Total number of program managers/supervisors 5 Number 18. $\square$ No
If no, please explain?
27. Do you have any plans to help staff members increase knowledge or skills during the next year?  ☐ Yes ☐ No
28. If yes, please describe your plans and the specific sources for these trainings.
Staff is always encouraged to seek training on areas of interest or need. Big Sandy AAAIL is committed to providing staff any opportunity for growth and increased knowledge possible, within budget. Staff always go beyond the required training. Staff attends trainings provided inhouse which are done by staff as well as outside presenters (Health Department, UNITE, Highlands Regional Medical Center, etc.). Staff also attends conferences and trainings in other areas of the state such as KAG and Summer Series on Aging.
29. Do you have a plan to promote volunteer opportunities across programs? Be sure to
specifically include SHIP, Senior Center Services and Ombudsman
<b>▼ Yes</b>
$\square$ No
30. If yes, please describe your plans. If no, why not?
Volunteers are actively sought for all programs but specifically SHIP, Senior Center, and
Ombudsman. Flyers and brochures about the different programs offered by the AAAIL and the
volunteer opportunities will be distributed to the community partners, senior centers, community locations, etc. The ombudsman program does at least 2 volunteer recruitment drives a year as well as discussing volunteer opportunities at any public meetings and presentations. SHIP also recruits volunteers through PSAs, public meetings, and presentations. Senior Centers recruit mainly through the participants of each center but also work with the communities they serve to seek volunteers in those communities.
31. How will you measure your progress toward achieving your overall agency goals?
Progress will be measured by at least maintaining current level or by an increase in the volunteer
base.

  - 1. Transportation
  - 2. Home Repairs
  - 3. Mental Health Services

38. Describe the strengths in your area's service delivery.

In Home services allow people to stay in their homes longer. We have staff and contractors that have been providing services for many years. Their knowledge and expertise in their respective fields/areas are a strength.

39. Describe the weaknesses in your area's service delivery.

Weaknesses include support groups and caregiver trainings. We have had difficulty getting participation in these areas.

- 40. What has the AAAIL determined to be the three most utilized services in your service area?
  - 1. Recreation
    - 1a. Why is this service used more than others?

Seniors socialize and enjoy fun activities together as a group.

- 2. Homemaking
  - 2a. Why is this service used more than others?

Allows people to stay in their home longer

3. Nutrition Services

3a. Why is this service used more than others?

Provides nutritious meals – congregate setting gets people out to socialize; HDM helps allow people to stay in their homes longer.

- 41. What has the AAAIL determined to be the three least utilized services in your service area?
  - 1. Escort Services
    - 1a. Why is this service used less than others?

Lack of volunteers/staff to provide services. Hard to arrange appointments.

2. Support Groups

2a. Why is this service used less than others?

Transportation issues; reluctance to discuss personal issues.

- 3. Caregiver Training
  - 3a. Why is this service used less than others?

#### XVIII. PROGRAM SITE MONITORING

83. Please describe your in-house evaluation and on site monitoring process of all direct and contract programs for compliance with state and federal guidelines. (Copies shall be made available during onsite monitoring)

Big Sandy AAAIL staff will audit each program through direct monitoring once each fiscal year, periodic visits to each center, attending monthly board meetings, and monthly desk monitoring of the reports generated by the tabulated records from each center. The AAAIL performs desk reviews of monthly waiting lists, comprehensive reports of units of service, as well as monthly nutrition monitoring, and annual comprehensive monitoring of each service provider.

Legal assistance is provided through contract with Appalachian Research and Defense Funds and is monitored by reviewing the monthly reports and an annual monitoring of the provider.

PCAP program is provided through contract and is monitored through desk reviews monthly and an annual programmatic monitoring. Home visits and telephone contacts are done quarterly. Two random unannounced file reviews will also be done during the year.

Homecare services, Ombudsman, National/Kentucky Caregiver programs, Consumer Directed Option, and State Health Insurance Plan (SHIP) services are provided directly by the AAA. Random quality assurance calls/or visits are made to assure satisfaction with services and compliance with regulations as well as monthly peer reviews by case managers. Monthly desk top monitoring of services are provided as well.

The Ombudsman is supervised by a certified Ombudsman to assure compliance with all complaints and entry into the data management program. The Ombudsman also has quarterly meetings of the Ombudsman Advisory Council and technical assistance from the Regional Ombudsman, who provides guidance and oversight to the Ombudsman program.

#### XIX. GOALS

Goals are visionary statements that describes the strategic direction in which the region is moving while objectives are the attainable, specific and measurable steps the region will achieve its goal. A well written goal summary can aid the region in education the public, lawmakers and other agencies of the operation of programs and services of the agency. Please provide a narrative for how the region will meet the goals listed below.

Goal 1. Empower older Kentuckians, their families, and other consumers to make informed decisions about, and be able to easily access, existing health and long-term care options;

The Big Sandy AAAIL will provide for a full time ADRC Coordinator to serve as a single point of entry for programs offered by the AAAIL. The ADRC will provide information, referral and assistance for community resources to the elderly, disabled, caregivers and professionals to help them make an informed decision about the options available. Big Sandy AAAIL strives to provide comprehensive information for the citizens of the Big Sandy Area.

Goal 2. Enable senior Kentuckians to remain in their own homes with high quality of life for as long as possible through the provision of home and community-based services, including supports for family caregivers;

Enabling residents of the Big Sandy Area to remain in their own homes, or homes of their choice, as long as possible is the goal and mission for the Big Sandy AAAII through the provision of quality home and community based services. We do this through case management, in which the clients are assessed for what services are needed and then services put into place to assist them in remaining independent. This may be through our Homecare program, CDO, PCAP, or another community resource. This may also include a combination of these resources. Big Sandy AAAIL also maintains a caregiver program. With the caregiver program, we focus on the caregiver of the elderly person. We work to meet the caregivers' needs in order for them to be able to successfully be able to continue to keep the person living in a community setting as long as possible. This includes provision of information, assistance, respite, and supplemental services.

Goal 3. Empower older Kentuckians to stay active and healthy through Older Americans Act services and prevention benefits, including programs funded through Medicare;

The Big Sandy AAAIL funds and promotes evidence based disease prevention and health promotion programs. These programs promote general health and wellness to older and disabled adults. We currently offer Chronic Disease Self Management, Walk with Ease, Bingocize, Arthritis exercise, and Matter of Balance classes. All of these classes, except Bingocize, meet the highest level criteria for ACL's health promotion and disease prevention. Big Sandy AAAIL will continue to provide programs designed to help keep older Kentuckians active and healthy.

Goal 4. Ensure the rights of older Kentuckians and individuals with disabilities and seek to prevent their abuse, neglect, and exploitation; and,

The Big Sandy AAAIL has been the lead agency with the Big Sandy Council on Elder Maltreatment. This council has been active now for over 10 years. Staff from the AAAIL are very active in this council and undertake many activities designed to promote awareness and prevention of abuse, neglect and exploitation. Big Sandy AAAIL will continue to take a lead in the continuation of this valuable council. The council recently partnered with the legal aid provider in the area for a domestic violence/elder abuse conference. After a successful conference, the two entities have decided to continue the partnership for a conference in FY 16, and hopefully more in the future.

# Goal 5. Maintain effective and responsive management.

The Big Sandy AAAIL will maintain effective and responsive management, as this is very important with the type of services we provide to the elderly and disabled residents of the Big Sandy. The AAAIL works closely with the Aging Advisory Council and ADD Board of Directors for guidance and support. They review, advise, and approve all budget and program changes. We work closely with contracted providers who have gone through a RFP process to ensure quality services are being provided. Big Sandy AAAIL strives to provide management that is accountable, transparent, and effective in providing quality services to the residents of the Big Sandy Area. We also strive to improve delivery of services and look for different/better means of providing for the needs of the elderly and disabled, through needs assessments and satisfaction surveys.

Target services to older individuals at risk for institutional placement, to permit such individuals to remain in home and community-based settings; implementing, through the agency or service providers, evidence-based programs to assist older individuals and their family caregivers in learning about and making behavioral changes intended to reduce the risk of injury, disease, and disability among older individuals; and providing for the availability and distribution of public education programs provided through the Aging and Disability Resource Center, the Area Agency on Aging and Independent Living, and other appropriate means relating to: the need to make individual improvements in daily health and wellness habits; plan in advance for long-term care; and (ii) the full range of available public and private long-term care (including integrated long-term care) programs, options, service providers, and resources.
- 71. Each Area Agency on Aging and Independent Living shall provide assurances that funds received will be used: to provide benefits and services to older individuals, giving priority to older individuals with greatest economic need, older individuals with greatest social need and older individuals at risk for institutional placement, low income minority older individuals, older individuals with limited English proficiency, and older individual residing in rural areas; and in compliance with the assurances Section 306(a)(13) and the limitations specified in Section 212.
- 72. Each Area Agency on Aging and Independent Living will coordinate activities, and develop long-range emergency preparedness plans, with local and State emergency response agencies, relief organizations, local and State governments, and any other institutions that have responsibility for disaster relief service delivery.
- 73. Each Area Agency on Aging and Independent Living shall include in the area plan statistical data indicating projected changes in the number of older individuals residing in the AAAIL over the next 10-year period, the impact of changes in population to older individuals and the AAAIL's services, statistical data regarding projected changes in minority, low-income, number of older rural individuals and other target populations over the next 10-year period for which data is available. Further, the AAAIL shall provide an overview of an analysis regarding how programs, policies, resources and services can be adjusted to meet the needs of the changing population of older individuals in the planning and service area, particularly supportive services to address the change in the number of individuals age 85 and older in the planning and service.
- 74. Each Area Agency on Aging and Independent Living shall provide services in cooperation with government officials, State agencies, tribal organizations, or local entities, may make recommendations to government officials in the planning and service area and the State, on actions determined by the AAAIL to build the capacity in the planning and service area to meet the needs of older individuals for: health and human services; land use;

housing; transportation; public safety; workforce and economic development; recreation; education; civic engagement; emergency preparedness; and any other service as determined by the AAAIL in coordination with public officials.

75. Each Area Agency on Aging and Independent Living shall provide, to the extent feasible, the provision of services under the Older Americans Act and Kentucky Administrative Regulations consistent with self-directed care.
