

Doing Business with North America's Largest Refinery

Motiva values the communities where we operate, and seeks to do business with local companies whenever possible. Learn how your business can help us produce 630,000 barrels a day, every day.

MOTIVA

Our Requirements

Motiva expects suppliers to adhere to our Life Saving Rules; respect their neighbors; contribute to their communities; provide a safe, secure, healthy workplace; and comply with all applicable laws and regulations on environment, freedom of association, and collective bargaining.

Our Commitment

If your company makes a competitive bid and meets Motiva's requirements, we want to do business with you. Even if you do not qualify or your bid is not selected, we want to help you get the training, tools, and opportunities you need to grow.
