Item 3 – Disciplinary Information

Mr. Vander Pol has no civil, criminal, administrative or regulatory events to report. Additional information regarding Mr. Vander Pol's registration as an investment adviser may be found by accessing the SEC's public disclosure website at <http://adviserinfo.sec.gov/>.

Item 4 – Other Business Activities

Insurance Products:

Mr. Vander Pol is a licensed insurance agent through our affiliate Legato Insurance Group, Inc. As an insurance agent, Mr. Vander Pol sells other products or provide services outside of his role as an investment adviser representative with LFG Wealth Partners, LLC ("LFG"). As part of the client's overall financial planning services, Mr. Vander Pol has the option to recommend the use of certain insurance products to accomplish the client's financial or investment objectives. This could be in conjunction with their existing advisory services in lieu of separately managed accounts (specifically, in lieu of cash and fixed income asset classes).

Although LFG and its investment adviser representatives owe you a fiduciary duty, it should be noted that

the receipt of a commission by the financial professional and our affiliate provides a variety of incentives to recommend these products. For example, Mr. Vander Pol and the affiliate will earn a larger upfront commission the more assets are invested in an annuity, therefore they are economically incentivized to recommend that you purchase an annuity over placing those assets in a brokerage or advisory account, which may provide lower total compensation. Our financial professional and affiliate could also be incentivized to recommend a product that pays a commission now, versus an advisory product that pays fees over a longer period. As an example, all other variables held equal, a 5% commission paid by an insurance company upon sale of a \$100,000 annuity product may be more attractive to a financial professional than a one percent (1%) advisory fee charged on a \$100,000 account paid over a period of five (5) years despite the overall pre-tax compensation paid to the financial professional being equal. Note that some products pay a higher street or bonus commission than others, increasing this incentive and creating an economic incentive to favor higher fee-paying products.

In exchange for selling insurance products, Mr. Vander Pol and our affiliate may also receive additional compensation or incentives in the form of bonus commissions, gifts, meals or entertainment, reimbursement for training, marketing, education, advertising, or travel expenses associated with sponsored conferences or events. The exact compensation cannot be accurately calculated at the time of recommendation because they rely on sales goals, but you should be aware that there are a variety of forms of indirect compensation paid by carriers and insurance marketing organizations, and this compensation creates a conflict of interest.

You should be aware you have the option to implement any insurance recommendations through outside insurance brokers or agents. You are in no way required to implement any insurance product recommendations through your LFG representative in their capacity as a licensed insurance agent.

Additional Outside Business Activities:

Mr. Vander Pol is the President and Owner of Maurelli Consulting, LLC. Maurelli Consulting is a rental real estate and vacation property management company.

Item 5 – Additional Compensation

Mr. Vander Pol may receive compensation or benefits through his affiliation with Legato Insurance Group, Inc. Such additional compensation generally consists of cash bonus payments and reward trips based on insurance product sales performance. This presents a conflict of interest, as it creates an incentive to meet sales goals. LFG Wealth addresses this potential conflict with disclosures and supervisory procedures, which require all investment advisory recommendations to be in the best interests of our clients.

LFG Wealth investment adviser representatives may also receive bonuses based on their or the Firm's overall assets under management during a specific period of time. These bonuses may include cash payments and reward trips. These benefits are not a result of achieving sales quotas related to specific product lines. This presents a conflict of interest that LFG Wealth addresses by providing disclosures, following procedures, and acting in accordance with the Firm's fiduciary obligation to each client.

Item 6 – Supervision

Mr. Vander Pol is supervised by Matt Swendiman, the Firm's Chief Compliance Officer who supervises all activities of the Firm. Matt Swendiman's contact information is mwendiman@keybridgecompliance.com or (513) 562-1675. Mr. Vander Pol adheres to all applicable regulatory requirements, together with all

policies and procedures outlined in the Firm's code of ethics and compliance manual.
