

We acknowledge that we can not do all this by ourselves. Hence we are actively recruiting peace loving proactive people from all communities and age groups. Please reach out to us by any of the following means and let us know you would like to make a positive difference in this world.

Join our monthly luncheon on the 3rd Wednesday of each month at a local place of worship. It is a great opportunity to share a meal with us, learn more about our organization and get a feel for what we do and who we are.

Join NMIC To

- Increase interfaith dialog in your community.

Mission Statement

A spiritual and ethical force of faith community representatives that enable inter-religious dialogue and service

Vision Statement

Building a community that honors and respects our many voices

The Newport Mesa Irvine Interfaith Council has had a long history of involvement with the Orange County community, dating back to 1978 when it was founded. Recognizing that all religions have value on this earth, the council lives out its mission of “building a community that honors and respects our many voices” in three ways. Using love as our guide, the Council reaches out to the community by offering educational opportunities to learn from one another, by supporting religious communities that suffer from prejudice and ignorance, and by creating understanding and acceptance through service to the greater community.

Our Activities Throughout The Year Include

Monthly Luncheons: Guest Speakers or Guided Discussions on current relevant topics.

Hearts and Hands: High School students come together to make items for donation to the homeless and the needy.

National Day of Prayer: One of the biggest draws of the year with guest speakers.

Thanksgiving: Multi-faith Thanksgiving celebration where we express our gratitude through music, word, and food.

We Stand for Love and Understanding and Speak out against Hate

After the San Bernardino attack we stood outside a mosque with signs of love, acceptance and support. After a synagogue was attacked in Irvine we got together with various community leaders and city officials to condemn the action and support our jewish sisters and brothers
