Beautec® provides continuous cleaning action on spa surfaces

- Beautec® cleans and protects spa surfaces from calcium, scaling minerals, metal stains and oily scum buildup. Beautec® also removes existing buildup. Beautec's® polymers are environmentally friendly and very gentle on your skin, eyes and swimwear. Monthly dosages of Beautec® provides continuous cleaning action and keeps your spa looking like new.
- ✦ Prevents unsightly mineral, metal stains and scum buildup.
 - ✦ Removes existing buildup.
 - ✦ Prevents biofilm formation on spa surfaces.
 - ✦ Keeps spa surfaces clean and looking new.

Directions for use:

Initial dosage: : Add 2 fl.oz. of Beautec® (60 ml) per 500 gallons.

Monthly follow-up: Add 1 fl.oz of Beautec® (30 ml) per 500 gallons.

Note: The addition of Spatec® spa water treatment with this product may cause some temporary cloudiness. This is not harmful and is due to the water minerals reaching equilibrium and may take up to 24 to 48 hours to clear. The spa may be used immediately.

PRECAUTIONARY STATEMENTS:

Avoid prolonged contact with eyes and skin. If contact occurs, rinse with water. May be harmful if swallowed as a concentrate in large dosages. Seek medical advice if necessary. Do not mix with other chemicals. Dispose empty bottle in trash or offer for recycling.
