Senior Production Designer at OLIVER+

I worked for the account PIMCO. My job as a Production Designer was to work on: Brochures, Presentations, Reports, etc., and also on some banners for social media and web blogs.

WORK AS VISUAL DESIGNER:

2017 - Feb 2022

Design Coordinator at CEPAMOSA

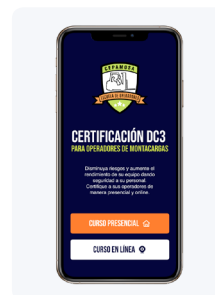

I was in charge of Corporate Image, Editorial Design, Events and Social Media management like Facebook & Google Ads.

Due to the company's needs, in the year 2020, I was required to design Landing Pages and Mobile Apps for internal projects.

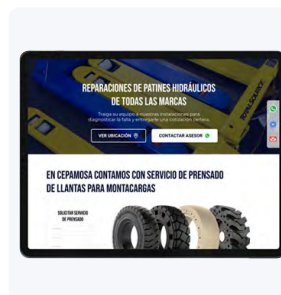

- I worked from scratch drawing ideas by hand, made the information architecture of each project and then worked everything on Figma to create the Visual Design.
- During each phase, I frequently consulted the IT department to make sure it was doable and get the best results.
