Canva  p-e-n-c-il

## MY EXPERIENCE

### November 2023 - to the date

#### Freelancer & English Teacher

I have been working as a Freelance Designer for different companies and as an English Teacher at Colegio Verde Valle, Middle School.

### Feb 2022 - Oct 2023

#### Senior Production Designer at OLIVER+

I was working remotely for the Agency Oliver+ in London, UK. My job as a Production Designer was to work on: Brochures, Catalogues, Presentations, Reports, etc., and also on some banners for social media and web blogs for the account PIMCO.

### 2017 - Feb 2022

#### Design Coordinator at CEPAMOSA

I was in charge of Corporate Image & Editorial Design, my job was to design the Catalog with all the main products to show, the Forklift Posters, Flyers, Brochures, Corporate Stationery, etc.

All these materials were made in Spanish with a mix of the USA brand imagery and our own customized photography to provide graphic material to the sales department.

I was also in charge of the Events organization, Social Media management like Facebook & Google Ads, and the design of Landing Pages and Apps for internal projects.

### 2008-2017

#### Senior Designer & Marketing Leader at GRUPO HUANTE

I started to work as a Graphic Designer, just to design one catalogue, months later the Adverts and Corporate Image.

I became Marketing Leader and worked for 9 years in charge of the Corporate Image, the Editorial Design of the two main Product Catalogues, the Social Media management and the Organization of National & International Events.

One of my main activities was to request to PROMEXICO economic support from the mexican government to assist as exhibitor to AAPEX Show. For 9 years I got the support paying only the 70% or 50%, the last year was for 30% only.

A nice goal was CNN en español called me to request an interview with my boss, I was in charge of all the details for the recording.
