

People Centered Platform

- ☆ **Expanding democracy and civic engagement**
- ☆ **Pursuing transparency, public input, and oversight**
- ☆ **Focusing on alleviating poverty & improving our health and well-being**
- ☆ **Funding projects that benefit whole neighborhoods & communities**
- ☆ **Democracy in action through participatory budgeting, community assemblies & public workshops & forums**
- ☆ **Supporting equitable and transparent access to all city services**

We seek to improve access to mental and physical health services, especially primary and preventive care; high-quality public education; healthy food; transportation; housing, including alternative housing options; a healthy environment; safety; technology, including city-wide broadband internet; and recreation.
