

Discussion Questions

1. Do some research in both Old and New Testaments on unity. How does God react to division (or disunity)?

2. Study the Lord's prayer in John 17. What is His desire for the church? How does this relate to our current discussion? How is it possible for everyone to be "one?" Also see 1 Corinthians 1:10.

3. Some today advocate for "unity in diversity." What does this mean and is this a Biblical concept of Christianity? Why, or why not?
