

## Discussion Questions

1. Do a little research on the origin of some mainstream denominations? Can you find beginning dates? Look at your conclusions for the ones you researched. Is there a common theme? What truth does this help us reach?

2. How far back can we trace the church of Christ? When did it begin? How do we know (Luke 8:11; Acts 2)?

3. Some think the church of Christ is of modern origin—specifically dating to the 1800's during the American Restoration movement. How do we know this is not true?
