

Included in the Hurricane 427 Roadster Base & Complete Kits

PART DESCRIPTION	Base Kit	Complete Kit Items
Hurricane 427 Frame	1	1
Fiberglass One-Piece Body (includes Doors, Trunk, Hood, Cockpit Tub & Trunk Liner)	1	1
4" Tachometer, 8000 RPM (autometer)	1	1
4" Speedometer, 180 MPH (autometer)	1	1
2" Oil Pressure, 100 PSI (autometer)	1	1
2" Water Temperature 60-140' (autometer)	1	1
2"Oil Temperature 60-140' (autometer)	1	1
2" Voltmeter, 8-18 V (autometer)	1	1
2" Fuel Level, 240-33 Ohms (autometer)	1	1
Fuel Level Sender (autometer)	1	1
15 inch wood Steering wheel (motolita)	1	1
Racing mirror		1
Horn button switch	1	1
Dash indicator light BLUE	1	1
Dash indicator light GREEN	1	1
Front marker lights (amber winged)	2	2
Seat belt bezels	2	2
Turn Signal Indicator switch	1	1
Shifter Handle		1
Bumper quick jacks	4	4
Shifter Knob		1
Side Louvers	1	1
Shifter boot		1
6 bolt steering wheel boss	1	1
Roll bar	1	1
Upper and lower A arms	1	1
Black vinyl seats	2	2
Headers		1
Side exhaust pipes	1	1
3/8 inch aluminum fuel line kit	1	1
Upper Ball Joints	4	4
Front Spindles (pair)	1	1
Dust cap with spindle nuts	1	1
Rack Bushings	1	1
Steering rack and pinion	1	1
Tie rod ends (pr)	1	1
Horn	1	1
License plate light	1	1
Rectangular tail lights	2	2
Door Latches	1	1
Hood handles & latches	1	1
Trunk handle & latch	1	1
Windshield assembly	1	1
Windshield finish plates	2	2
Gas cap LeMans Style Flip Top	1	1
Gas Cap base	1	1
Rear view mirror		1
Hood prop rod		1
Trunk Prop		1
Lower Ball Joint	2	2
-3 AN to 3/16 inside flare (qty 2)		2
3/16 Inv Flare Fem T		2
-3 AN to 3/16 brake line		3
15" 90deg braided brake hose		1
3/8 to 3 AN banjo		2
3/8 24 Banjo bolt		2
11" Front Brake Kit	1	1

11.25 Ford 9" Rear Disc Brake Kit w/ E-Brake Caliper	1	1
Complete shortened 9" rear end with open diff (pre-assembled with new gaskets, bearings and seals)		1
27" Aluminum racing radiator		1
Stainless steel braided front brake hose kit		1
Stainless steel braided 21" rear brake hose		1
Brake soft to hard clip (qty 4)		4
Brake line tab (qty 4)		4
Cushioned tubing clamps 3/16 (qty 10)		10
Cushioned tubing clamps 3/8 (qty 10)		10
Cushioned tubing clamps 1/2 (qty 10)		10
3/16 Brake Line 12"		2
3/16 Brake Line 20"		1
3/16 Brake Line 30"		2
3/16 Brake Line 51"		2
3/16 Brake Line 72"		1
3/16 Inv. Flare Union		1
Drivers seat track	2	2
E-brake boot		1
SVO Rear e-brake cables		1
Emergency handbrake (Chrome Lokar)		1
Seat belts 5 point harness (qty 2)	2	2
Clutch Slave Cylinder		1
Brake master cylinders (wilwood) (qty 2)		2
Clutch Master cylinder (wilwood)		1
Clutch/Brake pedal assembly (wilwood)		1
Gas Pedal	1	1
Rear trailing arms 13 inch	2	2
Trailing arm heim joints 5/8" RH	4	4
Trailing arm heim joints 5/8" LH	4	4
Trailing arm brackets	2	2
Third link arm 5"	1	1
Third link bracket	1	1
Third link heim joints 5/8" RH	1	1
Third link heim joints 5/8" RL	1	1
Panhard bar (26 1/2 inches)	1	1
Panhard heim joints 5/8" RH	1	1
Panhard heim joints 5/8" LH	1	1
Fully Adjustable Front Coilover Shocks (QA1)		2
Front Coil Springs (QA1)		2
Fully Adjustable Rear Coilover Shocks (QA1)		2
Rear Coil Springs (QA1)		2
Steering tubing 18" 3/4 48 spline	1	1
Steering tubing 18" 3/4 DD	2	2
Collapsible shaft 24" 1 DD - 3/4 DD	1	1
Steering U-Joint 48 Spline to 3/4 DD	1	1
Steering U-Joint 3/4 DD to 1 DD	1	1
Steering U-Joint 9/16 -26 to 3/4 DD	1	1
Firewall Flange Bearing	2	2
Pillow-block Bearing (qty 2)	2	2
Shaft Collar	1	1
Battery Tray		1
Headlight	2	2
Head light chrome bezel	2	2
Head light bucket	2	2
Wiring harness (includes fuse block, ignition, fan, hi/lo, headlight, extra toggle switches)		1
16-inch high efficiency electric fan	1	1
Alumnium Fuel Cell		1
Battery cables, terminals		2
Black carpet	1	1
Grade 8 Fasteners (bolts, nuts, washers etc.)	1	1

Trunk pan bulb seal /ft. (available in 10', 25', 50' & 100')	16	16
Trunk lid bulb seal /ft. (available in 10', 25', 50' & 100')	9	9
Body to tub seal /ft	10	10
Hood Opening seal /ft.	6	6
Snap on edge trim /ft (available in 10', 25', 50' & 100')	12	12
Door opening seal /ft (available in 10', 25', 50' & 100')	10	10
2 1/4" Rubber isolation washer (5/8" hole) - (price per package of 10)	1	1
1 3/8" Rubber isolation washer - (price per package of 10)	10	10
Door Hinge Bushings	4	4
Trunk and Hood Hinge Bushings	8	8
Turn Signal Collar Mount Bushing	1	1
Door Hinge - Complete	2	2
Trunk Hinge - Complete	2	2
Hood Hinge - Complete	2	2
Aluminum Panels	1	1

Included with Stage I Assembly

This option includes the complete assembly and installation of the front and rear steering suspension components and installation of the steering rack. Front suspension assembly includes the installation of upper and lower A-arms, ball joints, spindle, coil-over shocks, brake calipers, flexible brake hoses, brake rotors, bearings, steering rack and tie rod ends. Rear suspension assembly includes the installation of the lower trailing arms, third link arm, panhard bard, flexible brake hoses, fully adustable coil-over shocks, brake calipers and rotors.

Included with Stage II Assembly

This option includes the installation of the braking system, wiring, gauges, pedal assembly, steering system and system. Completely assembled with the exception of carpet of carpet installation. Wheels and tires are not included.

Braking system installation includes the installation of the brake & clutch pedal assembly, brake & clutch master cylinders, all brake hard lines and brake system bleeding. Wiring system installation includes the master fuse box, front & rear lighting circuits, battery cables & tray, ignition switch, turn signal switch, light switch, fan switch horn switch, horns and engine compartment circuit.

Gauge system installation includes the mounting of all gauges in the dash, gauge lighting circuit, volt, meter wiring and fuel gauge wiring. Other gauges can only be connected after the running gear has been installed in your Hurricane 427 Roadster.

Pedal assembly installation includes the installation of the pedal box, hanging the brake pedals, installing the gas pedal, mounting the master cylinders, and installing the brake light switch.

Steering system installation includes the mounting of the steering shafts from the steering wheel to the steering rack, all universal joints, pillow block bearing, firewall flange bearing and steering wheel.

Fuel system installation includes the mounting of the fuel tank, hard fuel line from tank to engine compartment, flexible line from tank to hard line and fuel sending unit in tank.

Turnkey Minus

Completely assembled and painted with wheels and tires. Ready for installation of engine, transmission and drive shaft. Battery is included.

Turnkey Minus with IRS (Independent Rear Suspension)

Completely assembled and painted with wheels and Independent Rear Suspension. Rear for installation of engine, transmission and drive shaft. Battery is included.
