

PetScreening

About

PetScreening is a third-party service utilized by Housing Providers to screen pets and validate Assistance Animals.

At PetScreening.com, Pet/Animal Owners create profiles to store all of their animal records in one secure and convenient place.

PetScreening makes it easy for Pet/Animal Owners to share their animal records with not only their Housing Provider, but also with pet groomers, doggy daycares, dog walkers, pet sitters, vets, pet-friendly hotels, and more.

Pricing: \$20 for an individual Pet Profile and \$15 for each additional Pet Profile. There is no charge (\$0) for an Assistance Animal Accommodation Request. Pet Profiles are active for one year upon completion.
