About Novus

Novus is a premier interior contracting firm specializing in luxury residential and commercial projects. It offers clients a seamless, fully turnkey service that encompasses everything from design consultation to installation.

With a commitment to Italian craftsmanship and materials, Novus ensures that every project is executed with an eye for elegance, quality, and authenticity.

Our comprehensive service begins with sourcing the finest materials directly from Italy. We collaborate closely with a network of highly skilled Italian architects and designers to bring sophisticated, Italian-inspired interiors to life.

These exclusive partnerships allow us to create distinct, immersive environments genuinely “Made in Italy,” blending contemporary aesthetics with timeless Italian design principles.

Personalized Perfection: Novus's Three-Tiered Luxury Interior Solution

At Novus, we provide an extensive catalog of pre-designed interiors crafted as customizable foundations that reflect each client's needs and preferences. Our designs are tailored to integrate seamlessly with any residential architecture, offering a bespoke experience within a structured framework.

Our pricing is per square foot, divided into three tiers—Luxury, Extra Luxury, and Ultra-Luxury—enabling clients to choose a level that aligns with their aesthetic goals and budget. This tiered structure provides clarity and flexibility, allowing premium features and finishes to be selected.

Novus manages every project phase through our turnkey approach, from initial design and material sourcing to final installation. Our team ensures each detail is meticulously executed, resulting in a luxurious living space that exemplifies Italian elegance and sophistication.
