Join me, Dr. Robin B. Dilley for an intensive workshop series from the ageless story of the Wizard of Oz. This workshop is my premiere workshop and is usually taught in an all day format or weekend retreat. This is an interactive and experiential workshop, not a lecture. You will have opportunity to explore your own self-growth work with a bit of psychodrama, journaling, guided imagery, and personal growth exercises with homework assignments in between which are optional for more personal growth leverage.

Includes All of the Below, Plus More:

- Learn How to Make Friends with Your Inner Parts: The Scarecrow, Tin Man and Lion.
- Explore Lessons from the Wizard, Witches, Scarecrow, Tin Man and Lion.
- What Role Does the Wizard Play?
- Who Are the Three Witches and What is Their Purpose?
- Getting the Witch's Broom is Your Hero's Journey.
- Learn to Cultivate Courage.
- Toto represents your instincts and intuition, learn to navigate yours.

There are no mistakes only lessons to be learned.
