

The Blue Kangaroo Difference:

We take on all the responsibility and liability, so you don't have to. All of our cleaners go through several interviews and a background check to ensure we know who is going to your home so you can feel safe.

All tools and cleaning supplies are provided. Natural and effective cleaning products are used to protect your family.

We send out Appointment Notifications and reminders. Our software allows you to see when the cleaner is on their way and how long it will be before they reach you.

Automatic invoicing sent after your cleaning is completed which offer many easy options for payment including financing* if needed.

We use standard checklists to ensure that every cleaning is the same regardless of the cleaner assigned to clean for you.
