FTKP is the best way to get your child prepared for Preschool/Kindergarten and **beyond!**

FTKP's Early Child Learning program provides children an opportunity to learn and increase their social, cognitive, emotional, language and self-help skills, all while broadening their creativity. We offer Reggio Emilia, Montessori, Play-Way and Waldorf inspired learning methods and activities in a co-learning, multi-age setting. Children are provided with a portfolio at the end of their session to commemorate their successes. FTKP's ECL Program is a great introductory program to a learning environment. With short sessions and multiple learning styles, your child won't even realize they are learning!

Why FTKP for ECL

We use multiple learning methods to accommodate a variety of personalities

There are no long-term commitments; you can sign-up and stop any month

We allot makeup days for those missed

We have short learning days, with the option for additional socialization time if desired

We have small groups & a fun atmosphere

Children **DON'T** have to be potty trained

We assist children (& parents) with separation anxiety

Learning Methods:

Reggio Emilia:

This method encourages children to explore, with the teachers guiding them during this exploration. This is a project-based approach, where lessons are based on the child's interest.

Montessori:

This philosophy uses mixed-age groups for their learning experience. The older kids are role models for the younger children. All kids learn at their own pace.

Play-Way:

This method is play-based; where all learning is done through play. The Play-Way method believes that education should be fun and not forced.

Waldorf:

This approach takes a bit of the above methods. With mixed-age groups and a play-based learning, Waldorf's education teaches kids how to think, instead of what to think.

You must be a Member. After the first month, if you'd like to continue, all sessions will be on Auto-Pay on the 28th of each month (or business day prior if it falls on a weekend). If you'd like to disenroll your child or make a change, please notify us by the 14th. Otherwise a \$10 convenience fee will be applied. If you miss a day, an allotted day will be applied to your account and can be used on any ECL day during that month or the month following. If using the makeup day in the month following, your child must be enrolled for ECL during that month. *Only one Socialization Exploration Pass can be purchased a month. These hours expire at the end of the month. These hours must be purchased with ECL, be used any time directly prior or following the ECL class, and are not valid on Saturdays. If you'd like further hours, please look into our package options.
