

With Pamela & Creative Renovations, we rebuilt our foyer, powder room, laundry room, mud room, dining room, & kitchen. Pamela was outstanding at working with us to design a space that made the best use of our home. She masterfully balanced the guidance she gave us on design decisions while consistently reminding us that it was our home, & we needed to make decisions that were right for us. A major factor that set Creative Renovations apart is Pamela's team of contractors who she's worked with for many years. Pamela inspired confidence with her team approach & exhibited extraordinary leadership & organizational skills during every phase of the project. Her contractors were all incredible.
