MUSIC _____

Although Nikko's reality television appearances were how he was "formally" introduced to the Entertainment industry to many, his first love and foremost talent is music.

He is an incredible singer, songwriter, producer, and plays several different instruments very fluently. Nikko has no doubt managed to keep his fingers directly on the pulse of the current culture of music with the brilliant songs he creates.

MUSIC

His sound is unique, strong and captivating: one that transcends through many different genres and creates a diversified fan base. He embodies the true soul of Hip Hop mixed with a futuristic, upbeat dance music allure. It is only enhanced by his original lyrics that makes hearts race with anticipation for more especially when performing live. He showcased this talent most recently in March of 2018 during LA Fashion week as he graced the stage of Art Hearts Fashion and received rave reviews.
