

Congratulations, continued

Longtime Arizona Authors Association member Rico Austin has been featured in two recent issues of the *Gringo Gazette*. The full-page article dated January 31, [Rico Austin, Man About Town](#), tells of Rico's early years, his first trip to Baja, and his later aspirations. The second full-page article dated February 28, [Bajarrriba Tequila and its Tres Cabo Amigos Founders](#), details the launch of Rico's newest venture into tequila. A managing partner of the company, Tres Cabo Amigos, Rico and the other two partners all reside in Arizona. The tequila, however, is a pure, pesticide-free product of one of the most pristine areas of Mexico, in the Atotonilco Highlands. Rico's wife, Connie, designed the label of the bottle, made responsibly from recycled glass.
