SACRAMENTO VALLEY 1000 YARD MATCH

AUGUST 2017

A very hot day for shooting, but the 1000 yd line is under the shade. An interesting situation developed with Tim Height, in that his first sighter resulted in a misfire due to a malfunctioning trigger. John Mcgaughey, our new match director offered his rifle and ammo to keep the match running smoothly.

As our match result scores and groups show, Tim was on top of every score and group recorded. This was the first time anyone had recorded this feat. Tim was anxious to purchase John's rifle that was not for sale.

Light Gun Group

SWLA RIFLE AND PISTOL CLUB - JANUARY 21, 2018

Southwest Louisiana (SWLA) Rifle and Pistol club held their first match of 2018 on Sunday, January 21, 2018. Eleven shooters were anxious for any spring like weather.

The day started out at 59 degrees with fog at sunrise and the inability to see the 100 yard targets. Fog lifted for 8:30 a.m. and wind picked up just in time to make the 9:00 first relay a real challenge. By early afternoon there was 10 to 15 mph shifting winds for the 200 yard match.

The 100 yard match was won by Larry Tilley with a 250 - 21 X's. James Hoffpauir placed second with a 250 - 20 X's, and Ed Bernabeo at third with 250 - 18 X's.

Our 200 yard match was won by Jack Schmidt with a 249 - 5 X's, Larry Tilley with a 248 - 7X's took second place, and Rodney Landry in third with a 247 - 4X's.

Jackie Schmidt took home the Grand with a score of 499 - 21 X's.

The high X-Count went to Larry Tilley with 28 - X's.

The NSBRA Score Screamer Award was awarded to Larry Tilley with a 100 yard score of 250 - 21 X's and James Hoffpauir with a 250 - 20 X's.

Special thanks to Clayton Gray who volunteered and made the match a success by heading up the target crew, providing lunch, and calling the match. Looking forward to seeing everyone again at our remaining seven registered score matches.

STEVE KOSTANICH WINS NW REGIONAL'S

AUGUST 2017

On August 5th and 6th Tacoma Rifle and Revolver held the NW Regional match for the Sporter and Light Varmint classes. The results would be combined with the Heavy Varmint and 5 shot Unlimited NW Regional match results, previously held on June 2nd and 3rd, to determine the 2017 NW Regional Champion and the winner of the Del Bishop Award.

Sunrise on Saturday was deep red in color, and looked at first glance like a full moon. There were no clouds, but heavy smoke from recent forest fires made the whole sky seem overcast. The temperature was 62 degrees and a gentle head wind veered and backed as the morning progressed. By noon, Jim Stipe had shot the smallest group at .131", but Steve Kostanich won the morning agg with a .2150, besting Jeff

Lewis's .2364 agg.

By afternoon the temperature had risen to 80 degrees and there was plenty of mirage. The mostly left to right wind was moderate but still switching. Jeff shot both the smallest afternoon group at .227" and the best agg of .2666, toping Dan Kjelland's .2741 agg.

At the end of the first day Steve was in first place, winning the Sporter Class with a .2463 grand agg. Second place went to Jeff with a .2515.

Sunday began with 64 degrees and the same smoky haze as Saturday. The cross breeze was fairly mild with just a little mirage. Dan Kjelland shot the small group of .249" and also won the morning agg with a .2275. Steve was second with a .2464 agg.

By afternoon, the mirage had increased and the breeze had stiffened a bit. Jeff shot a screamer .057" to win the small group, but Steve won the agg

with an impressive .1924. Dan took second place with a .2530 agg.

At the end of the second day it was Steve who won the LV class with his .2194 grand agg, eclipsing Dan's .2403 second place finish.

Combining the weekend's Sporter and LV results put Steve on top again with a .2329 grand agg which again beat Dan's second place score of .2571.

Finally, combining this weekend's results with those of June 2nd and 3rd determined Jeff Lewis to be winner of the 2017 4-gun NW Regional, Del Bishop Award with a .2303 grand agg. Steve came in second with a .2526 grand agg, and Dan snagged third with a .2685.

Next month will be the final match of the season. We look forward to seeing you on Sept 2, 3, and 4 at the 2017 Washington State 3-gun Championship, Ed Frombach Memorial in Tacoma. Happy shooting!

JEFF LEWIS WINS WA STATE/ED FROMBACH 3-GUN & SOTY

SEPTEMBER 2017

Competition began on Saturday morning, with clear skies and temps in the mid 60's. In the Sporter 100-yard Paul Steinman shot the smallest group, a screamer at .055". He came close to taking the yardage too, but Eldon Yarbrough's .2056 winning agg beat Paul's .2062 agg by just a tad. By afternoon, conditions worsened for the Sporter-200, as the temp increased to 86 degrees and the wind picked up. Mark Walker shot the smallest group at .352" and also won the yardage with a .2510 agg. Steve Kostanich's .2706 agg was good enough for second place. By the end of the day, Steve's .2472 grand agg won the Sporter class, with Mark's .2635 score coming in second.

Sunday morning's LV-200 saw Larry Boers step up to shoot the small group of .230" and put together the winning agg of .205. Jeff Lewis's .2405 agg took second. The afternoon's LV-100 conditions were much like the previous days'. Jim Stipe shot the best group at .113" and Jeff won the yardage with a .2234 agg, beating Steve's .2280. The winner of the LV class was Larry with a .2275 grand agg which beat Jeff's .2319 second place score.

On Monday morning we shot the HV-100 and Paul won the yardage with a .2026 agg, narrowly beating Jim Stipe's .2132 second place agg. Dan Kjelland shot the smallest group of the morning at .124". Finally, in the HV-200 Jeff led the way

again with a .2706 agg that beat Larry's .3235 second place score. Bob Schultz shot the smallest afternoon group of .278". At the end of the day Jeff won the HV class winner with a .2550 grand agg with Larry in second with a .2743.

With all 30 matches complete, Jeff Lewis emerged as our 3-gun WA State champion with his .2503 grand agg. The second best score was a .2745, which belonged to Larry Boers. And with the 2017 now completed,

SAHUARO *ROSS HERRICK WALKS AWAY WITH ALL OF THE PLAQUES*

NOVEMBER 2017

I sat straight up in bed, sweating and panting for air, staring into the darkness, trying to remember the dream I just had.....

I had been walking down a long dark hallway (probably 1,000 yards long). There were occasional doors on either side, it was dim and musty and there seemed to be a faint smell of burned gun powder.

I passed a few faded oil portraits of people I thought I recognized, Tony Boyer, David Tubb, Jerry Tierney. The hallway seemed to go on forever, but I finally found the door that I was looking for. It said "Long Range Shooting Perfection". I eagerly turned the handle and pushed open the door. Halfway across the large room I was surprised to see Ross Herrick standing there, he was talking with a guy with a long white beard and wearing flowing robes. Could that be Gandalf the Wizard?

I hurried toward them, hoping I too could find out some of the secrets of long range shooting to improve my scores and groups, but suddenly a uniformed security guard stepped into my path, his outstretched hand stopped me in my tracks, looking at me sternly he said "Sir, YOU don't belong here"!

That's when I woke up.....

Near perfect weather in the southern Arizona desert turned out a large crowd of shooters at the Three Points Range, thirty miles west of Tucson. Slightly cool at 56 degrees at 7:00 AM, it warmed to 82 degrees by noon. The weather report predicting clear skies and 4 to 5 mile per hour winds held true (for a change).

We were pulling triggers by 8:00 AM and Light Gun got off to a good start with shooters in all relays turning in no less than 23 sub-MOA groups and the top ten shooters all had sub-MOA aggregates, (MOA at 1,000 yards being 10.47").

The top three shooters having all sub-MOA groups were Wild Bill Warner, who did an excellent job of shooting in relay three, he had an 8.12", a 7.25" and a 6.62" for a 7.33" aggregate, nicely done, but he was still third. Wayne McDonald was extremely consistent with three six inch groups, giving him a 6.41" agg. and a second place finish. But it was Ross Herrick who ended up in first place with a 5.66" aggregate and also posting the smallest group of 3.75". Way to go Ross! (seems like Deja Vu all

over again).

In Score Wayne McDonald had the highest single target of 49-3X, and a second place total of 137-3X, then again here comes Ross, working his magic, only dropping 8 points for a score of 142-1X to take first in overall score. The next six shooters all scored in the 130's. What a consistent bunch.

Heavy Gun groups were impressive as well. There were 14 groups below the 10.47" mark and the top five shooters all had sub-MOA aggregates. Lon Persun shot the smallest target with a very nice 5.93" group and ending up second with a 8.35" agg. However Ross Herrick was first, keeping all three of his groups in the small zone to shoot a 8.04" aggregate.

Introducing
the
Saguaro

Marsh Industries

602 316-5118 * www.marshindustriesllc.com * Cave Creek, AZ

Score was a familiar story, Lon's targets all scored well, earning him a 261 and again, second place. But guess who came stomping to the front of the pack. Ross kept all of his shots in the center of the target, with a 94, a 94 and a 97-3X, which was not only the highest single target shot, but his overall score was a winning 285-3X.

So Ross Herrick walks away with all of the plaques.... again, with only Lon Persun and Wayne McDonald giving him a challenge. I think I have seen this movie before.

We are all of course looking forward to getting to do it again next month on the second Saturday as usual. Hoping to see if any of that magic will rub off on us.

As for me, I'm going to go back to sleep and see if that Security Guard will let me stay next time.

~Dale Arenson

NEW VFS WORLD RECORD

James Lederer from Monticello, WI shot a new world record Aug. 3rd, 2017 at the N.B.R.S.A. Short Range Nationals hosted by Northern Colorado Benchrest Club in Ault, CO. The Score of 250-15X is a new VFS 200yd Agg. Record.

**Congratulations to
James Lederer
on his New N.B.R.S.A.
World Record
2017**

James was shooting a 30BR, Stiller action, Lederer Barrel, 10X-115 Bullets, H4198, Fed 205, Lapua brass, Vortex 60x Scope, All gunsmith work by himself.

JACK NEARY WINS TED MANNING CHALLENGE

OCTOBER 2017

Roanoke Rifle and Revolver Club in Hardy Virginia hosted the second annual Ted Manning Challenge October 28-29 2017.

Light Varmint 100 started out Saturday morning with very nice conditions.

Jeff Peinhardt started out the day with .129 which took small group for the agg, then Gary Sullivan took over shooting an agg of .1808. Jeff Peinhardt hung tough and finished second with .1840. Terry Leonard finished third with .2270.

In Heavy Varmint 100 Gary Sullivan was leading going into match 5 but the wind had picked up and conditions were very twitchy. Gary got burned by his last shot turning a nice group into .498. Jack Neary won with .2038, Keith Morris finished second with .2042 and Allen Arnette won the tie breaker with Jeff Graves to take third with .2188. Harley Baker shot a very nice .115 to win small group.

Sunday morning brought early rain then WIND!!! In Heavy Varmint 200 Match 1 in the morning wasn't too bad...temp around 55 and moderate winds. By match 2 conditions were becoming (as Billy Stevens would say) a bit sparty!

As the temp dropped the wind came howling in from the north right in our fac-

es. At times I'm convinced it was hitting 50 mph. A few times I actually had to lean into the wind to keep from falling over (seriously)! Gave up trying to weigh charges and if you filled a case with powder and didn't immediately seat the bullet, powder would blow out of the case and spread everywhere. Anything not bolted down ended up in the parking lot! At one point in the afternoon the range officer announced "this will be a 5 shot match at 200 miles per hour"! Roanoke Rifle and Revolver Club became a graveyard for daisy wheels.

In Heavy Varmint 200 Allen Arnette delivered a very nice .204 that wound up taking small group. Jack Neary and Don Hardeman were the only shooters that managed to keep all groups under 1 inch with Jack shooting .3428 to win first and Don taking second with .4002. Jeff Peinhardt delivered a consistent performance with only 1 group over 1 inch and landed third with .4003.

In Light Varmint 200 Jeff Peinhardt shot .319 in match 1 to take small group. Jeff shot very well managing to stay under 1 inch along with Jack Neary, Jack winning first with .3216 and Jeff winning second with .3912. Allen Arnette took third with .3945.

In Light Varmint Grand Jack was first with .2845, Jeff Peinhardt second with .2876 and Allen Arnette took third with .3465.

In Heavy Varmint Grand Jack was first

with .2733, Don Hardeman was second with .3101 and Jeff Peinhardt third with .3120.

Jack Neary won the 2 Gun with .2789, Jeff Peinhardt was second with .2998 and Allen Arnette third with .3318. As usual Gil Gross and Mike Jennings ran a fine shoot despite the challenging conditions.

Many thanks to everyone at Roanoke Rifle and Revolver Club.

~ Steve Lee

TRI-COUNTY'S FIRST NBRSA AFFILIATED MATCH

OCTOBER 2017

The day was cool and raining with a wind chill of 42 degrees. The wind was 3-6mph with gusts to 15. This is the first registered NBRSA 600 yard match at Tri-County Gun Club in Sherwood, OR. We had ten shooters with 4 NBRSA members included who braved the conditions. Congratulations to Keith Faller who essentially won the match with a two gun score of 395 and an aggregate of 4.073. Canada Cummins performance in HG was notable with the smallest group of 3.305 and the highest single score of 94. Richard Jette won first place in HG with an aggregate of 5.106 and Bill Johnston had the highest single target score of 94 in LG. Two local members of Tri-County Gun Club (TCGC) won medals, Mike Rood won 3rd place with an HG aggregate of 259 and Fred Dobson was 2nd in LG with an aggregate of 3.208.

Thanks to the 10 shooters who braved the daunting conditions to make our first NBRSA match at TCGC a success. Special thanks goes to Devin Wigget, Match Director; Jerry Murphy for publicity and logistics; Chianna Alexander for statistics and logistics and Bill Johnston for scoring. Thanks also to Dan Zaccanti and Phil Grammatica for logistical support. The most credit is due to TCGC and NBRSA for allowing this match to happen!

GREAT JOB!

OJAI VALLEY - 600 YARD LONG RANGE

NOVEMBER 2017

A colder morning greeted our shooters for the last match of 2017. Eleven shooters participated with three new shooters braving the 600 yard targets.

It was nice to see Bill Hubina shoot for the first time in over six months. Mike Leonard and Bill Bonser filled in running the match in Barry Bluhm's absence. Nina as always did a fine job in the stat house entering the data from the targets as they were scored.

Good scores were shot in both relays with the wind Hubina shot an excellent 99 - 4x in Heavy Gun and Bill Bonser squeezed in a 50 - 2x in Light Gun. The next match will be in January 2018. Information can be found at our web site: www.ojaibenchrest.org.

TRI-COUNTY GUN CLUB FALL CLASSIC

NOVEMBER 2017

The second NBRSA sanctioned match at TCGC 600 yard line began with fog and temperatures in the low forties. The sun came through in the second relay and the wind came with it. Twenty-one shooters attended with several Hall of Fame and world record shooters among them. Hall of Fame member, Bill Johnston, took most of the medals in HG by winning the High Single Score with 100-0X, highest AGG Score of 283-1X, Smallest Group of 2.960, and 1st place in AGG Group with a 2.179. He also won the Two Gun AGG Group with a 2.570. Congratulations and great shooting to Bill Johnston.

Fred Dobson at the bench.

However, the buzz of the day was how well local TCGC member, Fred Dobson, did in LG by shooting a 5-shot score of 50-5X on his third target and possibly claiming a new world record, if it is approved. Fred was also 2nd in AGG Score with 144-7X missing 1st place by one point. He won 1st place in AGG Group with a 2.042 and 1st in Two Gun Score with a 434-8X. Shooters from Northern WA showed up in force and represented themselves quite well. Jeff Whitt took third in Two Gun AGG Group with 2.275. Khanh Nguyen was 2nd in HG AGG Score with 282-7X. Jeff Locke was 3rd in HG AGG Score with 282-4X, and 2nd in HG AGG Group 3.473. Richard Jette was third in HG AGG Group with 3.663.

Our local gunsmith, Terry Wright, edged out Fred Dobson for 1st in LG AGG Score by a single point with a 145-5X. Terry has built many of the guns for our TCGC 600 yard Club shooters and does a masterful job with many world record

Fred Dobson's 600 yard record target on November 18, 2017

guns to his credit. Thank you and good job Terry! We, at the TCGC 600 yard Club, thank all our participants for such a great and successful turnout. Special thanks go to Devin Wiggett (our president) and John Masek for running the line; Chianna Alexander for statistics and logistics; Jerry Murphy for registration, publicity and logistics; Bob Cope for work in the pits, Doug Siega along with Harlan Wooldridge for all-around support; Bill Johnston for scoring and logistics. Of course, greatest thanks goes to the Tri-County Gun club and its staff and members for allowing the time, space and support for these matches to happen. Happy Holidays to all our shooters and friends at TCGC and NBRSA staff and members.

~ Fred Dobson

Perfect Shoulder Bump!

 A photograph showing several metal shellholders of different sizes, arranged on a dark surface. One shellholder has ".002" engraved on it.

Competition Shellholder Set

— With No Die Adjustment —

The easy to use Redding Competition Shellholders enable you to perfectly match the headspace of your reloaded ammo to any firearm. Once the proper shellholder is determined, your results are repeatable – *no die adjustment is necessary*. Each shellholder is clearly marked to indicate the amount it will change case to chamber headspace – *no special tools or gages are needed*.

– Packaged in five piece sets in .002" increments –

SAHUARO - JANUARY 2018

Just walking down the line of shooting benches reveals a surprising variation of equipment. Actions, barrels, stocks, rests, scopes, etc. And this is only half of it, the other half is the equipment required to produce those loads and they are just as varied, but invisible since they are hidden away in the workshops, loading rooms and possibly laboratories at home. But it is just as important. You don't make loads that shoot the exceptional groups and scores at 1,000 yards that we see so often here at the Sahuaro Match without putting in a lot of meticulous work and having the right tools to get the job done.

It was another good turnout of expert long range riflemen with "Dead of Winter" temperatures of 45 degrees at sunup which warmed to a tolerable 72 degrees by noon. Winds stayed mostly light and co-operative through out the morning and early afternoon.

Light Gun got off to a good start with 16 sub-MOA groups shot, not only in relay one but in relay three also. The top four shooters in Light gun had sub-MOA aggregates, while the top three had all three of their groups well below the

10.47 inch mark. Topping the list was Ross Herrick who had the smallest Light Gun target of 4.43" along with his 5.56" and a 6.43" groups to win for Aggregate Group with a 5.48". Steve Everson was right behind him with a very respectable 6.96" agg and Pat Billotte was third with his 7.52"

In Score, out of the 33 groups shot, all but five of them scored in the 40's and the lowest one was 35. That's some good shooting! Steve Everson lead the way, only dropping 10 points with a 140-1X score. Dale Arenson was right behind him with a 137 and shot the highest single light gun target with a 5.68" 48 score. Ross Herrick was third with a 134.

Sometimes those "good" conditions worked against us. There were times when the flags hung limp and stayed there, giving us no choice but to do our best trying to shoot through the rising thermals as you could watch the "boil" show on the number boards. The groups in Heavy Gun showed that on paper, with out of 27 groups shot, only six of them were sub-MOA, and guess what, half of those belonged to Ross Herrick. He also shot the smallest Heavy Gun group with his 6.87"

and his 8.25" aggregate was the only sub-MOA agg that day, easily winning top honors.

Heavy Score had Dale Arenson taking first with his 277-3X and Ross Herrick on his heels with a 270-2X. Dale almost shot the highest single target with a 95-2X, but John Benz snuck in with a very nice 96-1X to win for the highest single target in heavy.

That wrapped up the first Sahuaro match of 2018 and once all of the flags and range equipment was put away, most of us dashed off to have lunch together in the small town of Three Points, Arizona. Time to get ready for the second Saturday of next month when we get to do it all over again. In the meantime, it is back to the laboratory or workshop as it may be, to try to improve those loads to the best of our ability. Then, all we have to do is shoot them well. Piece of cake.... Right?

Click Head Stainless Steel Bench Rest Quality Primer Tool

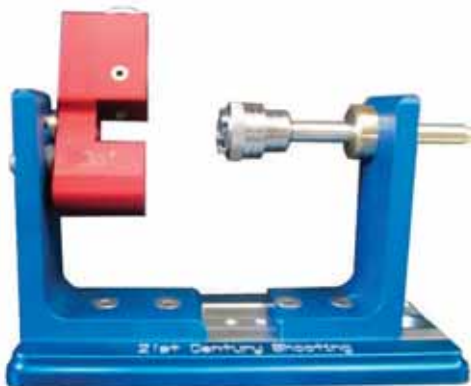

The feel, the precision, the quality and the ease of adjustment of this tool are unique. Features include click head adjustments for precise primer seating and all stainless steel components with aluminum handle.

Concentricity Gauge with wheel

This device enables the user to rotate the case one complete revolution with about 1/8 of a turn on the wheel. Providing consistent pressure on the case. Easily retrofits in a snap to the 21st Century Shooting Concentricity Gauge (run out gauge - as shown). Features include canting to the left or right to keep the base of the case rotating against the stop. For unlimited setup scenarios. Simply amazing!

Neck Turning Lathe

The floating design of our neck turner and the universal floating case driver allows the case mouth (bore) to run on the arbor absolutely concentric. Therefore allowing O.D. to be turned concentric with I.D. The tail-stock creates a horizontal inline support for the base of the case. Also allows the operator to keep both hands on the power screw driver or drill. This makes it very easy to control feed rate of the cutting operation, generating a very fine turned finish. Case holder drivers are designed to be the most gentle driver, yet providing an adequate hold. **DOES NOT DRIVE OFF THE PRIMER POCKET NO PRIMER POCKET OR CASE DAMAGE.** Driver shaft is hexed to use power screw driver or drill. 17cal. Fireball to a .416 Rigby. Also 50cal.

Change of Address: To change your address or report a damaged or undelivered magazine, write: NBRSA, PO Box 349, Concord, VA 24538. Do not return damaged copies. Change of address should include both new address and a mailing label bearing the old one. In case of duplication send both labels.

Contributors: The editor is not responsible for unsolicited manuscripts or photographs. Advertisers: Rate cards and terms are available online at www.nbrsa.org/membership-info. We appreciate your support!

Safety Disclaimer: The publication, writers, organization officers, staff, and directors explicitly advise the readers that they make no representation of safety for any loads, techniques, and procedures if reported herein. The nature of participating in a shooting sport automatically requires caution at all times. Given the many variables present—weather, equipment, and components—the information presented is for your reading enjoyment.

Nosler[®]
UP FRONT

THE POINT

IS THE POINT

RDF BULLETS FEATURE THE SMALLEST MEPLAT
OF ANY NON-TIPPED MATCH BULLET.

Nosler knows what gives competitive shooters an edge, isn't an edge at all. It's a point. And we've worked hard to bring you the smallest one ever—creating the flattest shooting match bullet on the market. Make the switch to RDF and put yourself on the podium.

Nosler.com ■ 800.285.3701
