Light-bearers cont...

Lightning bugs, aka fireflies, get their name from their amazing ability to produce light. We typically see them glowing an orangey-yellow, but did you know that some can emit red or even green colors?! This little beetle is an enigma to scientists. Research suggests perhaps it is the polarity affected by water molecules inside their abdomen that determines the color. We know the secret to their amazing design lies in the hand of our amazing Creator!

Welcome to the Joshua Seventh-day Adventist Church

We are glad you have joined to worship God with us today, in-person and via the internet! We pray that you will receive His blessing as we worship together. If you desire to join our church family by transfer or baptism or wish to be contacted by a pastor, please call or text us at 817-933-6303 or send an email to joshua.sda.church@gmail.com.

VACATION BIBLE SCHOOL

July 18-22, 2022

6:00pm-8:30pm

During this VBS week we will be going on a **Monumental** adventure through the colorful canyons and sunbaked trails of the southwest. By exploring God's awesomeness, kids can form a rock-solid faith for the road ahead. We will be learning these key points about God's awesomeness as we explore the story of Joseph.

- God loves you no matter what.
- God is stronger than anything.
- God is in charge.
- God is with you everywhere.
- God is surprising.

Children, ages 4-13, are invited to join us each evening. If a younger sibling would also like to attend, an adult will need to accompany them for the whole evening. For registration details, see our link on the church website:

www.joshuasda.org or scan the QR code for a quick link.

Family, like branches on a tree,
all grow in different directions,
yet our roots remain as one.

Our Loga branch is moving away.
Let's help them plant their roots in their
new home! There will be a money tree in
the lobby and at potluck if you would
like to leave a gift for them.
