SPECIAL ANNOUNCEMENT FOR SPECIAL TIMES

Wright's Market is now offering Virtual Ag Education and Pumpkin Delivery Service

During this crazy time of online learning and social distancing, we are providing a safe way for your children to come to the farm, have fun and learn a great deal about where their food comes from. The corn maze will be open, Zorro and our pet goats will be ready for your visit, and you get to leave with a pumpkin. We will have 7 interactive stations with educational videos that could help complete class assignments. This is also a great way to spend the day outside with your kids if you need a break from a computer screen. We believe this is a great deal for only \$6 person. This area will be open Monday thru Friday 9am to 4pm.

Also, starting October 1st, we are offering a pumpkin delivery service. For just \$3/per pumpkin (delivery fee may apply), we will bring pumpkins to you. Included in this cost is access to our coloring book located on our website. You can easily print out the coloring book and use as a learning activity about the farm.

We hope you like our new ways of providing a fun learning experience.

Please call if you have any questions at 410-742-8845.

Thank you.

The Wright Family
