PERSONAL GROWTH PROJECT

CATHOLIC INTERVIEW

Deciding to be confirmed is a big decision, and preparing for confirmation will take a lot of work. But no one has to make this journey alone. There are many in the community of faith who have gone down this same path. Perhaps your parents, grandparents, siblings, or friends wondered and worried about the same things before their confirmation. Now is the time for some open conversation about what it means to be a confirmed Catholic.

Choose someone who is a practicing Catholic who has already made their confirmation. The person you are considering to act as your sponsor is a perfect choice. If you have not decided, this will be an opportunity to see if someone would be a good sponsor. If you want, it is perfectly acceptable to interview a parent. It is also acceptable to conduct the interview by phone or Skype, but please do not resort to text, email, etc. A good interview is a conversation.

Use the form on the next page to conduct the interview.
This is to be handed in to your teacher in October.
