## **THE KING OF CROWS**

In shadows deep, where secrets lie  
A tale unfolds beneath the sky

(Verse 1)

You thought you ended the reign of night,  
but the crows watch closely, ready for flight.  
Their wings of fate, a haunting sound,  
Reclaiming dreams where lost hopes abound.

(Chorus)

You are the king of crows, oh fly high,  
in twilights glow, let your spirit soar,  
Destiny calls as the embers die,  
Awaken the dreams you were searching for.

(Verse 2)

In silence, he held the weight of time,  
Crowned in doubt, yet worthy of the climb.  
Ancestors whispering in the rustling leaves,  
Guiding the path that the heart believes,

(Pre- Chorus)

The red tail hawk shows the way,  
Through ancient songs, they break the fray.

(Chorus)

You are the king of crows, oh fly high,  
In twilights glow, let your spirit soar.  
Destiny calls as the embers die,  
Awaken the dreams you were searching for.

(Bridge)

With every beat, the nights alive,  
Embrace the throne, it's where you thrive.

(Outro)

So, Spread your wings in the darkening sky,  
You are the king, forever fly high.
