Between Beauty and Pain

There's a line between beauty and pain.
I don't know if I'll ever love again.
You touch me even though you're not here.
Through smoke and mirrors it's so unclear

Yeah, There's a line between beauty and pain.
There's a line between beauty and pain.

Amongst a million shooting stars,
I would know who you are.
The Eyes of Loyal is in your heart.
I could tell from the start.

Yeah, There's a line between beauty and pain.
There's a line between beauty and pain.

Watching you get undressed.
It's my show I created for you.
Your voice takes me to another place.
Tell me the things you want me to do.

Yeah, There's a line between beauty and pain.
There's a line between beauty and pain.

Waiting for a kiss,
But I can't see your face.
Imprisoned by your dark green eyes.
Girl, There's no escape.

Yeah, Yeah, Yeah, Yeah,
There's a line between beauty and pain.
There's a line between beauty and pain.
