The “**NSDA Afternoon Program ages 6-9**” offers dancers a flexible, high-quality training option designed for those who want to strengthen their technique without the full-time commitment of our Day Program. Perfect for students balancing school, extracurriculars, or other activities, this program provides strong technical development while allowing dancers to choose the schedule that works best for them. Participation in NSDA productions is **not required**, and dancers are not expected to attend every day—giving you the freedom to train at your own pace.

This program is ideal for dancers looking to refine their skills, stay in shape, or supplement their current training with additional focused instruction.

Audition is **not required** to join the Afternoon Program, though we would love the opportunity to meet you and help guide you into the classes that best support your goals.
