On the day of your party!

- We suggest you arrive 15 minutes before the start time of your event. Please check your guests in as they arrive.
- The café will be open throughout the night. If you would like us to cater your event you may pre order from our menu or platters.
- As this is a private event, you are welcome to bring your own food and drinks. You will need to provide everything to serve your guests including plates, glasses, cutlery, ice, food warmers etc.
- Unless you have paid for the kitchen and facilities hire (\$250), you will be unable to use our kitchen or back of house area.
- We will make every effort to ensure your party is a safe and enjoyable experience, however the responsibility and supervision of children in your party remains with the parents, caregivers and the host family. Adult supervisors must be 17 or over. Please ensure parents who drop their children off have provided you with a contact number.
- We recommend that you take presents home to open them. If you unwrap presents in the centre, we are unable to take any responsibility for loss or damage.
- We require full payment for the balance of your party before the end of the party.
