

Santa Fe Agri Leaders presents

# Mo Ag Stewardship Conference

**Paul Jasa**

Former Extension Engineer UNL

Paul spent his career working through planter equipment to offer farmers the best no-till set up for their operation. His time as an extension engineer at University of Nebraska has given him critical insight into how to best manage residue while promoting soil health.

**\$20**

Registration

**Drexel Atkisson, NRCS Soil Health Specialist**

With over 30 years of NRCS work, as well as running his own farm, Drexel works with farmers to address the soil health principles in a way they can realize more profit and regenerate working lands.

**Jim Gerrish**

Grazing Land Consultant

Jim spent over 22 years conducting beef-forage systems research and outreach while on the faculty of the University of Missouri. With over 20 years of commercial cattle and sheep production on his family farm in northern Missouri, he also has one foot solidly planted in commercial livestock production.

## Topics Including
