

THE COASTAL NC DAYLILY SOCIETY NEWSLETTER

DECEMBER 2022

No. 120

PRESIDENT'S CORNER

Beverly Ambrose

Hello everyone!!

As you can see our Newsletter Magic Man is feeling better!!

Colder weather has arrived and our gardens are going dormant. I am really missing bloom season, but this time of year is great for planning new flower beds and finding new daylilies to plant in them. For those of us who are interested in hybridizing; researching and planning what crosses you want to make next year is another great way to fill the extra hours of darkness the season brings.

Our plant sale in October was a great success! Pat Mansfield invited the club to hold the event in her spacious front yard surrounded by her beautiful personal flower beds. Because the club grows our plants at her farm, we were saved the time and labor of digging and transporting auction plants to another location and replanting any unsold plants. Thank you so much Bill and Pat Mansfield!!! Local gardeners and members of other clubs were invited to participate. Those who could not attend in person were encouraged to provide write in bids for the plants they hoped to win.

The entry deadline for the Region 15 Photo Contest has been extended to the end of December. Entries should be emailed to Kathy Tinius at ktinius@yahoo.com. If you missed the earlier deadline there's still time!!

Our next **MEETING** will be held at the South Mills Fire Department, 127 Keeter Barn Rd in South Mills on **DECEMBER 18th at 2PM**.

Hope to see you there!!

HE'S BACK...

- more -

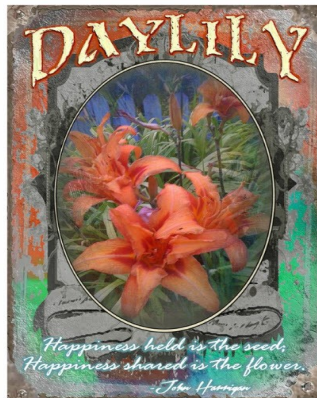

First and foremost, a heartfelt THANK YOU for all of your thoughts and prayers! Three months ago I never would have imagined taking a helicopter ride in an air ambulance to Norfolk, spending three weeks in three different Sentara Hospitals, getting transported by a terrestrial rescue squad vehicle in the middle of a hurricane, and then spending a week in a Rehab center. But there you go. I am feeling much better now, but I still have some post-operative issues that don't involve my fingers, so I can still type. Please afford me some time to get back into the full swing of things.

WHILE ON THE SUBJECT OF THINGS TO DO...

The holiday season is upon us big time. Here are some last minute gift ideas I found in my search for presents for family and friends. With the exception of one item, they all can be found on [ESTY](#).
