

Newcastle JH/HS Rodeo Stall/Camping Information

- To reserve stalls or electrical hookups, please text MacKenzie Jackson at 620-255-5031. Limited availability FCFS. Camping \$25/night, Box Stalls \$20/night, Panel Stalls \$20/night. Reserve by credit card only. There will not be any shavings on sight for purchase so please plan accordingly. There is Ranchers Feed & Supply on the west side of town and Bomgaars on the East side of town that will have shavings in case you forgot yours.

** Contestants **must** clean out their stalls prior to leaving. You can put it in the alley way outside of your stall or haul it to the designated manure pit on the southwest corner of the fairgrounds by indoor arena.

** Stall/Camper check-in will be on the west side of the arena by the road that goes through the fairgrounds.

** For stalls there will be box stalls inside the indoor arena, panel stalls inside the beef/sheep barn, panel stalls under the sheep barn awning, and outside covered box stalls. Camping spots are very limited. There is the option to pen-out in designated area on the east side of the fairgrounds outside of the fence. All livestock holding pens are off limits. Please **DO NOT** park and panel in the grass/tree area directly to the west of the indoor arena or east of the beef barn. No penning horses in the grass show ring next to the sheep barn or under/around the rabbit/chicken awning. Also, if you did not reserve a camping spot please do not park in those areas.

*** The wind has caused some havoc on the northwest side of the indoor barn stall alley sliding door. The fairgrounds is hoping to have it fixed prior to the rodeo, but if it is not then everyone who gets stalls on the west side of the indoor barn will just need to enter from the south side. Water is still accessible from North and South side.
