**PM:** BF... You will be working on BF --- Bugs Fixing...This NASA is Indian. "Nathoo and Satoo AGRO"...and they want us to give them a software where they can record the number of time their cow sat on dung (C-SAT-D)...

**G:** *COW SAT ON DUNG???*

Why do you stay back late??? Why are you not properly dressed??? Why don't you keep yourself updated about the IT world????

Why...why...why.... I tell you...

**Angel :** But, these are the right things that boss is asking?? We shouldn't be late for our meetings nor for our committed timelines. We should respect the decorum of our office by keeping our mobile in silent mode and being properly dressed ...And to stay updated with the IT world is the best thing we can do for our self.

**Devil:** ...I tell you what ...listen to me... All work and no play will make gajjo a dull boy...you will not get this time back in your life...enjoy...you are at the prime of your life.... Bachpan to gaya..... jawani bhi gayee..... ek pal to ab hamey....jeene do jeene do...you are here to ensure long life... look at him ...do you think he deserves a long life??? Not sure about him but I am sure your own life will be shortened...

(G Sitting in a chair)

**PM:** Hello Mr. Gajodhar...Please complete this report before you leave for the day?

*own house...of course..this weekend we will finalize...kitty party?? Ten new saaris...2000 each...new credit card has 0 balance??....*

(G falls in his chair)..

**Devil:** Its already 5:30 PM, in the US you used to leave office at 5 PM...now a days..you reach home late...Still your work is not finished...I think you are over loaded...otherwise..how come you are not able to manage your life?? How can your project manager assign you task at 6 PM and expect you to finish before you leave.?? I tell you..these people do not know the value of quality.

**Angel:** But isn't this expected..i mean While In Rome, Behave Like a Roman...work cultures are different across the world...you cannot expect to have the same work and social life both in the USA and India..Even America and France have different professional cultures...Remember, in the USA you used work continuously from 9 to 6 even have your lunch on desk while working...here you go out to smoke every 20 minutes...I think you should adapt your lifestyle and better manage your time rather than complaining.

**Devil:** I told you ...you made a mistake...you should have left her in the USA...or pushed her from the plane over the atlantic...

(G stands up and walks to his PM...still not in balance)

**G:** Sir, I think I am overloaded with work. My work – life balance is disturbed...I don't think it is fair on your part to assign me work at 6 PM ....Also sir my salary is not enough in Indian Rupees..the inflation is so high...the expenses have gone up...husband of my wife's kitty party friend ..gets more salary then me..When I was in US...

(PM Stands up)

**PM:** Shut up!! First of all ... get your own balance right and stand straight...secondly...you talk of fairness...I assign you work at 6 PM because that is the only time I find you in your seat. Whole day you are roaming around the office ... with your one liner... “When I was in US”... In last 1 year...your salary has increased by 20% every year..but your IT knowledge and value add to the organization has decreased by 50%...So stop complaining and get back to your work..

(G comes back to his seat)

**Angel:** I think he is right. You should concentrate on your work more and manage your time better. Learn from him how he manages to do everything on time. You should try to be like him.

**Devil:** Learn from him?? What can he teach you?? He can be your PM but he is still a bachelor..and you are married...the responsibilities and expenses are 10 times more...He will never understand the woes of a married man. But for once...I agree with tubelight....Let me give you a brilliant idea...You should become like him ..a BACHELOR...Divorce your wife...you have no other option...

**G:** NO no...I don't want a divorce...I want to save my marriage...I want to change ...I want to change...

**Devil:** COMPANY

**G:** Yess..Yess..i want to change company ...

I Resign, I resign, I resign

(G walks out with Devil)

**HR:** Find who?

**G:** Mr Visa Singh, Where does he sit?

**HR:** Oh!! He hardly sits here, he can only be found in one of 106 embassies at any given point in time. So SMS him your passport details.

**G:** Ok !! Why are there so many guards around?

**HR:** (smiles) Didn't you read about our GoW (Guards on Watch) policy in the appointment letter.

**G:** I don't remember !! What is that anyways?

**HR:** We encourage people coming on time and leaving on time. These guards watch the floor from 6:01 PM to 8:59 AM and anyone found working is asked to leave. We have to take care of our employees' work-life balance you know.

**G:** Wow !! I have heard you offer a lot of employee benefits as well.

**HR:** Yes, we have a library, movie theatre, private calls cabins, games, multi-cuisine lunch, stress capsule, swimming pool, state-of-the-art gym, haircuts, dry cleaning and laundry, car service, onsite doctors etc etc

**G:** (to himself) I think this is where I deserve to be.

**HR:** Let me take you to your manager.

**SLIDE:** shows 8 months passed

**G:** I don't know what's wrong, it's been itching since morning.

**Devil:** It had to happen, you are infected.

**G:** Infected?

**Devil:** Yes, infected with HIV.

**G:** (scared) HIV??

**Devil:** Yes, HIV!! **Hilo Idharse Virus.** It targets people who get stuck in a company and forget to move on. So, Make A Move before it kills you.

**G:** But why should I leave?

**G:** (trips at the stairs)

**Devil:** Why??? See, even these stairs are not meant for you.

**G** sits in the chair and jumps)

**Devil:** Dekha, even the chairs aren't properly cushioned to your comfort. Look at you your health & fitness is going down drastically.

**G:** But I work out at the office gym regularly.

**Devil:** Gym?? you call it a gym, Ok tell me!! does it have SPA?

**G:** No

**Devil:** Does it offer Head Massage?

**G:** No

**Devil:** work out my foot then !!

**G:** Leave it !! I need to wash my face

**Devil** (scaring him off): See even the mirrors in washroom are faulty. You look fatter in these mirrors.

**G:** (now getting convinced) I must go, it's lunch time.

**Devil:** (with cunning smile) Don't tell me you are going to have that rubbish called "multi-cuisine lunch".

**G:** But it's good.

**G:** No

**Devil:** You need more? Ok !! Does you CTC have BC component?

**G:** What's that?

**Devil:** You're such a dumb!! **Beggar's Contribution** component dude. Let me explain! Every time you go out for smoke, you give out around 2 rupees to the beggars outside. Right??

G nods in agreement

**Devil:** You go out at least 5 times a day. That makes Rs 10 a day, Rs 220 a month and Rs 2640 a year. (shouts) WHO'S GONNA PAY FOR THIS?

**G:** Oh My God !! you are right, I don't deserve to be in such a sub-standard place. I Resign!!

Angel interrupts

**Angel:** WAIT !! I've had enough of you. Now you listen to me. You left your first organization because of Quality of Work; here you are working for the world's biggest bank. You walked out of the second company due to the arrogant boss; here you have such an understanding and soft-spoken manager.

**Devil:** Haany !! Soft-spoken? His own ears cannot hear what he says.

**Angel:** (ignoring Devil) You stepped out of your next organization as you didn't get to travel onsite; here you get to travel every few months. You left the next one because of Salary and Work-Life Balance issue; here you are being paid more than you expected and you get to spend quality time with your family as well. Still, you want to leave for these so called trivial and useless reasons.

This itching is because you have gotten into the habit of job hopping every few months for one reason or the other. Now, look back and see what you have lost; you have missed on the most crucial part of your Career, LEARNING. Look at yourself! You are NOT EVEN Jack of all trades, LET ALONE being MASTER.

**Angel (coming forward):** To All The Gajodhars Out There, Here's your Guardian Angel telling you "Chase Excellence by way of Learning, Perseverance, Dedication and Being Focused and you shall find SUCCESS on your way. Always Remember!! Career is not a 100 meter race; it's a MARATHON...it's a MARATHON"

**G:** Yess...I agree with you. I understand that I cannot make a brand new start...but I am sure with your help I will be able to make a brand new end.

See you all tomorrow...same place...same organization ..

(G puts his arm on Angels' shoulder's and Walks out)
