Total	38,504		

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Rate: Time of Use Plus - PATODCP2-Commercial Climate Zone: Inland

Billing Period: 6/18/18 - 7/18/18 Total Days: 30

Meter Number: 06699069 (Next scheduled read date Aug 17, 2018) Cycle: 13

Meter Constant: 300.000 Billing Voltage Level: Secondary

Circuit: 1021 Your circuit is currently not subject to rotating outage.
 However, this is subject to change without notice.

Total Usage: 75,459 (Usage based on interval data)

ELECTRIC CHARGES

	Amount(\$)
Customer Charge	126.24

Electricity Delivery (Details below) 624 kWh

SUMMER USAGE	On-Peak	Semi-Peak	Off-Peak		
kWh used	-16,645	-4,231	21,500		
Rate/kWh	\$.00000	\$.00000	\$.09294		
12 Day Charge	\$.00	+ \$.00	+ \$1,998.21	=	1,998.21

Electricity Delivery (Details below) 12,574 kWh

SUMMER USAGE	On-Peak	Semi-Peak	Off-Peak		
kWh used	-19,286	-6,573	38,433		
Rate/kWh	\$.00000	\$.00000	\$.09261		
18 Day Charge	\$.00	+ \$.00	+ \$3,559.28	=	3,559.28

Rate Change This Billing Period:

There was a rate change on day 19 of your Billing Period. Therefore, your charges for the first 18 days were at Rate 1, and the remaining 12 days were at Rate 2.

For Electric meter number 06699069 the total allocated credit for this month is 62,261. The current applied virtual net metering credit to offset your usage is 15,526 kWh. The current applied generation credit is \$9,984.89.

DWR Bond Charge 59,933 kWh x \$.00549 329.04

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Semi-Peak	0	6am-5pm & 8pm-10pm weekdays
Off-Peak	8,984	10pm-6am weekdays plus Sat/Sun/Holidays
Total	8,994	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Semi-Peak	0	6am-5pm & 8pm-10pm weekdays
Off-Peak	9,079	10pm-6am weekdays plus Sat/Sun/Holidays
Total	9,960	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

To find the nearest location and hours of operation, visit sdge.com/locations.

Need help paying your bill?

For payment options or to make payment arrangements, visit us at sdge.com/assistance or call 1-800-411-7343

By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

Breakdown of Current Charges

**0% will display when the percentage of a category is less than 0.5%.

The total current charges include the following components. Definitions for these terms are shown on page 5 of your bill.

	Electric Charges	
	Distribution	\$4,238.27
	Other Account Charges & Credits	
	Other	\$5.00
Total Current Charges		\$4,243.27

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

⚡ Highest Usage Hour (Demand) this month:
484.8 kW on April 07, 2019 from 3:00pm to 4:00pm
 Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Mar 1 - Apr 30
On-Peak	0	4pm-9pm Daily
Off-Peak	0	All Other Hours
Super Off	0	12am-6am & 10am-2pm Weekdays plus 12am-2pm Weekends/Holidays
Total	0	

Definitions

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Breakdown of Electric Charges
Period: 04/18 - 05/17

The total electric charges shown in the "Electric Service" section include the following components. Definitions for these terms are shown on page 4 of your bill.

Electricity Generation	4,464.02
DWR Bond Charge	317.96
Transmission	681.09
Distribution	3,906.41
Public Purpose Programs	583.21
Nuclear Decommissioning	-2.90
Competition Transition Charge	60.27
Local Generation Charge	279.15
Reliability Services	1.74
Total Electric Costs	\$10,290.95

Time of Use - Electricity

Winter	kWh	Nov 1 - May 31
On-Peak	60	5pm-8pm weekdays
Semi-Peak	2,011	6am-5pm & 8pm-10pm weekdays
Off-Peak	55,845	10pm-6am weekdays, plus Sat/Sun/Holidays
Total	57,916	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

Time of Use - Electricity

Summer	kWh	Jun 1 - Oct 31
On-Peak	142	11am-6pm weekdays
Semi-Peak	386	6am-11am & 6pm-10pm weekdays
Off-Peak	56,955	10pm-6am weekdays plus Sat/Sun/Holidays
Total	57,483	

For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

285.6 kW on August 17, 2018 from 9:00pm to 10:00pm

Demand is the highest amount of electricity used at a given point in time.

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

*Charts may not display if usage data is unavailable

Period: 09/17 - 10/17

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **285.6 kW on September 21, 2018 from 10:00pm to 11:00pm**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Summer	kWh	Jun 1 - Oct 31
On-Peak	147	11am-6pm weekdays
Semi-Peak	191	6am-11am & 6pm-10pm weekdays
Off-Peak	17,142	10pm-6am weekdays plus Sat/Sun/Holidays
Total	17,480	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Need help paying your bill?

For payment options or to make payment arrangements, visit us at sdge.com/assistance or call 1-800-411-7343

By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

Total Current Charges \$2,133.44

Breakdown of Current Charges

The total current charges include the following components. Definitions for these terms are shown on page 5 of your bill.

Electric Charges

Electricity Generation	\$867.26
Transmission	\$135.54
Distribution	\$855.89
Nuclear Decommissioning	-\$.58
Competition Transition Charge	\$11.97
Local Generation Charge	\$55.55
Reliability Services	\$.35

Other Charges & Credits (Electric)

Public Purpose Programs	\$134.85
DWR Bond Charge	\$63.27
Other	\$9.34

Total Current Charges **\$2,133.44**

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **285.6 kW on November 17, 2018 from 10:00am to 11:00am**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Nov 1 - May 31
On-Peak	60	5pm-8pm weekdays
Semi-Peak	262	6am-5pm & 8pm-10pm weekdays
Off-Peak	11,203	10pm-6am weekdays plus Sat/Sun/Holidays
Total	11,525	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Average Hourly Electric Usage

Time of Use - Electricity

Winter	kWh	Nov 1 - May 31
On-Peak	60	5pm-8pm weekdays
Semi-Peak	261	6am-5pm & 8pm-10pm weekdays
Off-Peak	412	10pm-6am weekdays plus Sat/Sun/Holidays
Total	733	

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **1.2 kW on January 18, 2019 from 12:00am to 1:00am**

Demand is the highest amount of electricity used at a given point in time.

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **1.2 kW on March 20, 2019 from 12:00am to 1:00am**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Mar 1 - Apr 30
On-Peak	143	4pm-9pm Daily
Off-Peak	227	All Other Hours
Super Off	320	12am-6am & 10am-2pm Weekdays plus 12am-2pm Weekends/Holidays
Total	690	

Definitions

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Off-Peak	851 All other hours
Total	992

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **4.5 kW on September 26, 2018 from 2:00pm to 3:00pm**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Summer	kWh	Jun 1 - Oct 31
On-Peak	309	4pm-9pm Weekdays
Off-Peak	1,711	All other hours
Total	2,020	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Off-Peak	801	All other hours
Total	940	
Winter		Nov 1 - May 31
On-Peak	131	4pm-9pm Weekdays
Off-Peak	782	All other hours
Total	913	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

⚡ Highest Usage Hour (Demand) this month:
2.4 kW on January 09, 2019 from 10:00am to 11:00am

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Nov 1 - May 31
On-Peak	131	4pm-9pm Weekdays
Off-Peak	759	All other hours
Total	890	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

⚡ Highest Usage Hour (Demand) this month:
3.7 kW on March 04, 2019 from 10:00am to 11:00am

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Nov 1 - May 31
On-Peak	131	4pm-9pm Weekdays
Off-Peak	764	All other hours
Total	895	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Off-Peak	1,279	All other hours
Total	1,512	

Definitions

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).
