Off-Peak	2,178	10pm-6am weekdays, plus Sat/Sun/Holidays
Total	4,775	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Off-Peak	4,966	6am-4pm & 9pm-12am M-F, 2pm-4pm & 9pm-12am Weekends/Holidays
Super Off	2,527	12am-6am M-F, 12am-2pm Weekends/Holidays
Total	9,491	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Off-Peak	4,375	6am-4pm & 9pm-12am M-F, 2pm-4pm & 9pm-12am Weekends/Holidays
Super Off	2,989	12am-6am M-F, 12am-2pm Weekends/Holidays
Total	9,024	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

TAXES & FEES ON ELECTRIC CHARGES		Amount (\$)
Franchise Fees on Electric Energy Supplied by Others	41.82 x 1.10%	.46
State Surcharge Tax	8,364 kWh x \$.000300	2.51
State Regulatory Fee	8,364 kWh x \$.000460	3.85
Total Taxes & Fees on Electric Charges		\$6.82
Total Electric Service		\$2,064.43
Total Current Charges		\$2,064.43

Breakdown of Current Charges

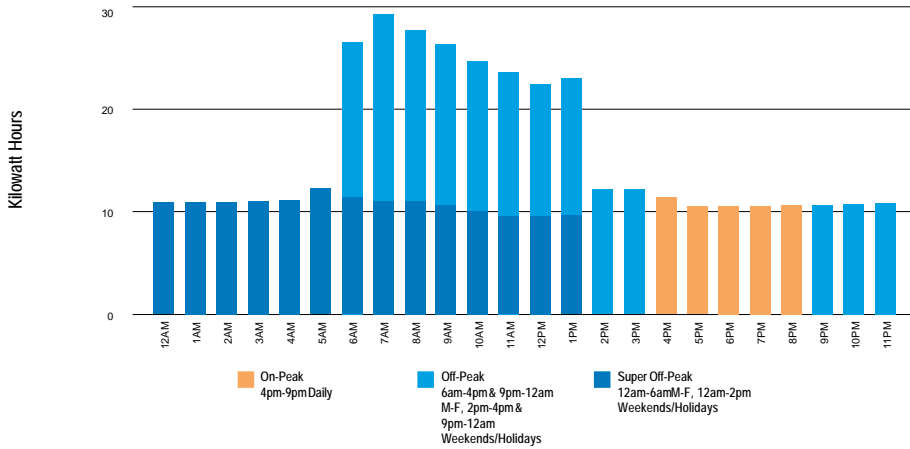

The total current charges include the following components. Definitions for these terms are shown on page 5 of your bill.

Electric Charges	
Electricity Generation	\$891.41
Transmission	\$222.23
Distribution	\$699.65
Nuclear Decommissioning	-.25
Competition Transition Charge	\$5.54
Local Generation Charge	\$73.60
Reliability Services	\$.16
Other Charges & Credits (Electric)	
Public Purpose Programs	\$123.45
DWR Bond Charge	\$42.07
DWR Revenue Adjustment	-.25
Other	\$6.82
Total Current Charges	\$2,064.43

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **27.5 kW on February 06, 2019 from 7:00am to 8:00am**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Nov 1 - Feb 28
On-Peak	1,561	4pm-9pm Daily
Off-Peak	4,181	6am-4pm & 9pm-12am M-F, 2pm-4pm & 9pm-12am Weekends/Holidays
Super Off	2,622	12am-6am M-F, 12am-2pm Weekends/Holidays
Total	8,364	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Other	\$6.74

Total Current Charges **\$1,374.00**

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **21.1 kW on March 21, 2019 from 10:00am to 11:00am**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Mar 1 - Apr 30
On-Peak	1,457	4pm-9pm Daily
Off-Peak	2,702	All Other Hours
Super Off	3,465	12am-6am & 10am-2pm Weekdays plus 12am-2pm Weekends/Holidays
Total	7,624	

Definitions

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Summer	kWh	Jun 1 - Oct 31
On-Peak	132	4pm-9pm Weekdays
Off-Peak	580	All other hours
Total	712	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Off-Peak	454	All other hours
Total	565	

Definitions

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Summer	kWh	Jun 1 - Oct 31
On-Peak	450	4pm-9pm Weekdays
Off-Peak	3,042	All other hours
Total	3,492	

Breakdown of Electric Charges
 Unmetered
 Period: 04/17 - 06/18

The total electric charges shown in the "Electric Service" section include the following components. Definitions for these terms are shown on page 4 of your bill.

Electricity Generation	17.15
DWR Bond Charge	1.24
Transmission	2.83
Distribution	35.75
Public Purpose Programs	.43
Nuclear Decommissioning	-.02
Competition Transition Charge	.03
Local Generation Charge	1.57
Total Electric Costs	\$58.98

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Summer	kWh	Jun 1 - Oct 31
On-Peak	1,025	4pm-9pm Weekdays
Off-Peak	5,836	All other hours
Total	6,861	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

 Time of Use - Electricity

Summer		kWh Jun 1 - Oct 31	
On-Peak	571	4pm-9pm Weekdays	
Off-Peak	3,019	All other hours	
Total	3,590		

Winter		kWh Nov 1 - May 31	
On-Peak	480	4pm-9pm Weekdays	
Off-Peak	2,531	All other hours	
Total	3,011		

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

24.3 kW on January 15, 2019 from 6:00am to 7:00am

Demand is the highest amount of electricity used at a given point in time.

Meter Number: 06563123

Time of Use - Electricity

Winter kWh Nov 1 - May 31

On-Peak 1,241 4pm-9pm Weekdays

Off-Peak 6,555 All other hours

Total 7,796

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Highest Usage Hour

⚡ Highest Usage Hour (Demand) this month:
8.3 kW on April 08, 2019 from 12:00pm to 1:00pm
 Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Nov 1 - May 31
On-Peak	324	4pm-9pm Weekdays
Off-Peak	1,255	All other hours
Total	1,579	

Definitions

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Super Off	335	12am-6am M-F, 12am-2pm Weekends/Holidays
Total	1,689	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Super Off	302 12am-6am M-F, 12am-2pm Weekends/Holidays
Total	1,827

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **26.6 kW on July 24, 2018 from 2:00pm to 3:00pm**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Summer	kWh	Jun 1 - Oct 31
On-Peak	865	4pm-9pm Daily
Off-Peak	2,898	6am-4pm & 9pm-12am M-F, 2pm-4pm & 9pm-12am Weekends/Holidays
Super Off	456	12am-6am M-F, 12am-2pm Weekends/Holidays
Total	4,219	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Super Off	239	12am-6am M-F, 12am-2pm Weekends/Holidays	
Total	1,136		

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Electricity Generation	\$272.11
Transmission	\$421.95
Distribution	\$626.82
Nuclear Decommissioning	-.14
Competition Transition Charge	\$4.28
Local Generation Charge	\$20.86
Reliability Services	\$.44
Other Charges & Credits (Electric)	
Public Purpose Programs	\$34.63
DWR Bond Charge	\$15.68
Other	\$2.31
Total Current Charges	\$1,398.94

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

 For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

 **38.1 kW on December 10, 2018 from 7:00am to 8:00am**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Nov 1 - Feb 28
On-Peak	429	4pm-9pm Daily
Off-Peak	1,797	6am-4pm & 9pm-12am M-F, 2pm-4pm & 9pm-12am Weekends/Holidays
Super Off	631	12am-6am M-F, 12am-2pm Weekends/Holidays
Total	2,857	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Other	\$2.50
Total Current Charges	\$1,741.11

Your Electricity Dashboard

*Charts may not display if usage data is unavailable

Average Hourly Electric Usage

⚡ For each day in the billing cycle, an hourly usage is calculated by peak. At the end of the bill cycle, hourly usage is averaged and displayed on the chart by peak.

Highest Usage Hour

Highest Usage Hour (Demand) this month:

⚡ **49.0 kW on February 11, 2019 from 7:00am to 8:00am**

Demand is the highest amount of electricity used at a given point in time.

Time of Use - Electricity

Winter	kWh	Nov 1 - Feb 28
On-Peak	427	4pm-9pm Daily
Off-Peak	2,010	6am-4pm & 9pm-12am M-F, 2pm-4pm & 9pm-12am Weekends/Holidays
Super Off	622	12am-6am M-F, 12am-2pm Weekends/Holidays
Total	3,059	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

On-Peak	420	4pm-9pm Daily
Off-Peak	1,235	All Other Hours
Super Off	1,064	12am-6am & 10am-2pm Weekdays plus 12am-2pm Weekends/Holidays
Total	2,719	

Definitions

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Total	1,954	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Type of Call	Toll-Free Number
TTY/VCO/HCO to Voice	1-800-735-2929 English 1-800-855-3000 Spanish
Voice to TTY/VCO/HCO	1-800-735-2922 English 1-800-855-3000 Spanish
Speech to Speech	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

California Climate Credit - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit monthly. Visit EnergyUpgradeCA.org/credit to learn more.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This legislated charge is a conservation incentive. Customers with usage of less than 130% of baseline receive a subsidy credit. Customers with usage over 130% of baseline make up the difference and cover the cost of the subsidy.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of

this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com.

Disputed Bills / Service Complaints - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

California Relay Service Phone Numbers:

Table with 2 columns: Type of Call, Toll-Free Number. Rows include TTY/VCO/HCO to Voice, Voice to TTY/VCO/HCO, and Speech to Speech.

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit.

Large Font Bill - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).
