# Are We the Right School for You?

The New York Musicians Center is the largest music school in Bellmore with an active enrollment of over 1,000 students. Students drive from as far away as New York City to take lessons here.

While you are researching the best school for you, please consider the benefits of becoming a New York Musicians Center student and find out why we are the areas number one choice for music lessons.

## 10 benefits of becoming a student at New York Musicians Center:

### 1. Guitar, Piano, Voice, Violin, Drums, Cello and Bass all in ONE location! We also offer Music Therapy!

We are the only school in Bellmore, that offers all of these popular instruments: Electric & Acoustic Guitar, Piano, Voice, Violin, Drums, Cello and Bass in one location.

### 2. The largest and most qualified music teaching faculty in Bellmore.

We have 20 music teachers, all with either university or college training. Our music teachers are dedicated to learning about your personal musical goals and helping you to achieve them. With at least three music teachers for every instrument, we are confident that we have the right teacher to meet your music lesson needs. In addition to their teaching credentials, our teachers have warm personalities, are extremely friendly and dedicated to teaching you the style of music that you want to learn in your music lesson.

### 3. The widest range of music lesson times available seven days a week!

We are the only music school in Bellmore that offers music lessons seven days a week from early in the afternoon to late at night to accommodate your busy schedule.

### 4. A proven track record of excellence since 2006!

Every year, aspiring music teachers start their own studio, and a year or two later it's closed. Our full time mission is teaching music lessons trusted by over a thousand families for over 10 years.

### 5. A comfortable parent's area for our clients.

We have a spacious and most parent friendly waiting area in Bellmore. Instead of waiting in a music retail store showroom, our clients enjoy a spacious, professional parent's area with comfortable chairs, Wi-Fi, magazines and bottled water service. If you prefer you can sit in on your child's lesson anytime you like.

### 6. Free music recitals.

Every parent just wants to know how their child is doing and if they are really progressing. The best way for a parent to understand if their investment in lessons is really worth it, is to have their child participate in a recital. In June many of our students choose to perform in our annual recital. For our students these recitals are free and unlike many schools in Bellmore we do not charge recital participation or admission fees.

### 7. Student discounts on books and accessories.

We are the only music school on Long Island that offers student discounts for their students which saves them money all throughout the year. The School also sells music books, instruments and accessories. All of our current students receive a student discount that saves them money on all of their music supply needs.

### 8. Picture Day

We are the only music school on the South Shore of Long Island that offers a picture day for their students. Every July and November we host a free picture day with a professional photographer. This is a service that our student's parents love as they all want quality photos of their children. Adults are welcome too! Students can bring their instruments to the photo shoot and wear whatever they like.

### 9. Trophies, certificates and award wristbands to celebrate achievement.

We are the only music schools in Bellmore or even Nassau County that gives their students the opportunity to earn special color wristband bracelets (kids and teens love them!), trophies AND certificates for passing musical tests. Do other schools offer trophies and certificates? A few. But none of them inspire their students with smiling faces by giving them full color, really cool "Musical Ladder" wristbands that they can show off to their friends. The Musical Ladder is our unique method of music education that you can only get here.

### 10. Month to Month lessons.

The School does not require semester minimums for lessons. Every student here is on a month-to-month basis. If you are ready to start, you have nothing to lose as we only want students who truly want to be here and we will not commit you to a long term contract.

## IT'S EASY TO GET STARTED, SO TAKE THE NEXT STEP!

It's easy to enroll. You just need to pick the lesson day and time that works best for you. All paperwork is finished when you come into our school.
