To: The Dayton and Storey Community of Saint Ann's

From: Father Tom Nelson, Pastor

I need to address an issue that is slowly getting out of control and about a post on Facebook and Dayton Valley Peeps about a break in to Saint Ann's Church that occurred on late Thursday night, early Friday morning.

To be very clear, the break in DID NOT occur with the actual Church building but with the large storage container that is in front of the building that houses all of the items for our annual rummage sale.

We do not need any financial assistance as the situation is being rectified but I do greatly appreciate the Community outpouring of support.

We do pray for the people that did this and pray that God will change their hearts.

Sincerely,

Father Tom Nelson

Pastor
