

## Key Outcomes

Believers are encouraged to lean into the **Spirit of Grace** to access divine power, righteousness, and the ability to perform miracles 12. The teaching emphasizes that spiritual authority comes from recognizing one's identity in Christ and renewing the mind daily to align with the Holy Spirit 34.

## The Spirit of Grace and Righteousness

- **Definition of Grace:** Defined as God's unmerited love, favor, and acceptance, which is a gift that does not require human effort to earn 5.
- **Divine Help:** The Spirit of Grace draws believers toward God, strengthens them in weakness, and provides divine help to meet specific needs 6.
- **Gift of Righteousness:** Believers receive a "robe of righteousness" as a legal right, providing right standing with God regardless of past or future sins 78.
- **Synergy:** Grace and righteousness work together; receiving the abundance of grace coupled with right standing enables believers to "reign in life" 28.

## Divine Power and Anointing

- **Dunamis Power:** The Holy Spirit provides *dunamis*—described as miraculous, explosive, and dynamic supernatural power 9.
- **Interdependence:** Power and the anointing of God are linked; both are necessary for miracles to occur 10.
- **Corporate Unity:** Great power is manifested more effectively through corporate unity and gathering in one accord 11.
- **Boldness in Witnessing:** Being filled with the Holy Spirit transforms ordinary, uneducated people into bold witnesses capable of speaking powerful words that lead others to salvation 121314.

## Application of Faith and Authority

- **Renewing the Mind:** While the spirit is born again at salvation, the mind must be renewed daily through the Word of God to allow the body to follow the Spirit's lead 4.
- **Speaking to "Mountains":** Believers are instructed to use their authority to command "mountains" (financial hardship, sickness, or rebellion) to be removed by speaking the Word without doubt 1516.
- **Healing Authority:** The Pastor distinguishes between praying for the sick and actively healing the sick by declaring the Word over them 17.
- **Availability:** The primary requirement for God to work through a person is their availability and willingness to be sent 18.

## Next Steps

- **Daily Practice:** Believers should lean into grace every morning and consistently renew their minds through scripture 24.
- **Continued Study:** The teaching on this topic will continue next week to cover the remaining material 19.
