

Colorado Pony Of the Americas Club

2019 Coloring Contest

Colorado POA Club members are expecting five foals this year that we know of. In anticipation of the arrival of these little ones, we are having a coloring contest and see which youth and adult come closest to predicting the color, coat pattern, and sex of each foal. We'd like you to try, and yet at the same time don't feel bad if you aren't even close, as many of the breeders get surprised, too! After the foals are born, the winners will be given a prize. So, have some fun!

Also, *new this year*, there's a chance for you to suggest names for the foals!

Entries should be sent in by May 1, before most of the foals are expected to arrive.

Some options for base coat colors and coat patterns are below:

BASE COAT COLORS

- A. Bay** - body color ranging from tan through red to reddish brown; mane and tail black; black on lower legs.
- B. Brown** - body color brown to almost black with light areas at the muzzle, eyes, flank; mane and tail black.
- C. Black** - body color true black without light areas; mane and tail black.
- D. Sorrel** - body color reddish or copper-red; mane and tail usually the same color as body, or lighter.
- E. Chestnut** - body color dark red or reddish-brown; mane and tail often same color as body.
- F. Buckskin** - body color yellowish or gold; mane and tail black; black on lower legs.
- G. Grullo** - body color smoky or mouse-colored (not a mixture of black and white hairs, but with each hair mouse-colored); mane and tail black; usually has black dorsal stripe and black on lower legs.
- H. Palomino** - body color golden yellow; mane and tail white.
- I. Red Roan/Bay Roan and Blue Roan** - mixture of white and red hairs or white and black hairs over most of body; darker on head and lower legs.

COAT PATTERNS

- A. Snowflake Pattern** - small, white spots or "snowflakes" scattered throughout the base coat color.
- B. Frost Pattern** - basic dark body color with frost-type white "sprinkled" over back and/or hindquarters.
- C. Blanket Pattern** - basic dark body color with white blanket over croup, hindquarters, back. Blanket may have dark spots.
- D. Leopard Pattern** - basic white body color with dark spots over entire body and neck.
- E. Few-Spot Leopard** - basic white body color with few spots on the body. Dark areas on the ears, behind the elbows, at the flank.
- F. Snowcap** - white blanket over loin and hips, often extending over back and to withers.

Adults, you might want to get some pictures of POAs to help the youngsters with some ideas for coloring, and then help them circle their predictions for coat color, pattern, and sex of the foal.

Entries should be mailed by May 1 to:

Janette Arends
23743 I-76 Frontage Road
Hudson, CO 80642

Klein's Foal:

Mare: BDK Diamonds Charm – Chestnut roan with speckles

Stallion: Silent Review – Bay leopard

Name Suggestion for Foal: _____

Base Coat Color (Circle One):

Bay Brown Black Sorrel Chestnut Buckskin Grullo Palomino

Pattern (Circle One):

Snowflake Frost Blanket Leopard Few-Spot Snowcap

Circle One: Filly (girl) Colt (boy)

Your Name: _____ Age (circle): 13 & U 14-18 Adult

Phone: _____

Klein's Foal:

Mare: DK Elegant Dream – Bay leopard
